STAGE EDIT	
<i>What it does</i>	Edit the stage order without unlocking it by DIP switch before.
<i>Code</i>	[A] + [B]

<p><i>Conditions</i></p>	<ol style="list-style-type: none"> 1. Start from the game mode selection screen 2. Highlight the game mode of your choice 3. Press [A] + [B] simultaneously <p>You can use Edit Stage also to make the game shorter, since only the stages you select will finally appear in the game. If you hit the exit button without selecting any stages, you would play the final stage (cloud) right after stage 1, and the game would end then.</p>
