Turn Up The Heat For The Playoffs!

If you beat up your competition during the regular season, you'll earn a berth in post-season. Make it through the playoffs and you're bound for the Super Bowl.

Joe Montana's Tips For Winning In The NFL

1. Don't hold the ball too long in the pocket. If you wait too long to throw the ball, your receivers are more likely to be covered.
2. When you're about to be tackled with the ball, try to spin away from the tackler. This is a good way to rack up extra yards!
3. Use the speed burst on offense and defense. The speed burst will help you lose would-be tacklers. It will also help you close the distance between you and the ball carrier.
4. When running inside, follow your blockers. If you don't, you could get stuffed for a big loss.
