UNDERWORLD ADVENTURE!

It's 1920. Ex-gangster Larcen Tyler has one year to wipe out Chicago's powerful organized crime Syndicate — or he's going to the slammer!

As Larcen, it's your job to clean up this dirty city. To do it, you'll have to think fast — and fight even faster.

Call on more than sixty fighting moves — and seven lethal weapons — as you tangle with bloodthirsty gangs like Margarita's Mob, the Dragon Triad, Flint's Army and the Meat Packer's Guild.

Lay into the Syndicate's hired hoods with spinning hook kicks, flying knee jumps and sliding punches. Then prepare for a showdown with Chicago's most ruthless crime bosses!

But you'll need more than muscle to take out the Syndicate. Gather intelligence from the police, newspapers and informants to learn about gang movements and arms deliveries that will impact your strategy. Learn to fight gangs when munitions and morale are low. Remember — time is definitely *not* on your side!

STARTING UP

1. Set up your Sega Game Gear System as described in its instruction manual.
2. Make sure the power switch is OFF. Then insert the *Chicago Syndicate* cartridge into the Game Gear unit.
3. Turn the power switch ON. In a moment, the *Chicago Syndicate* Title Screen will appear.
4. If the Title Screen doesn't appear, turn the power switch OFF. Make sure your system is set up correctly and the cartridge is properly inserted. Then turn the power switch ON again.

Important: Always make sure the power switch is turned OFF before inserting or removing the Sega cartridge.

THE WAREHOUSE

When you choose Start Game the Police Chief informs you you've got one year to clean up Chicago. Press Start to advance to your headquarters in the Warehouse.

The Warehouse contains the following items:

Weapons Locker

Throughout the game, Larcen discovers weapons he can use in battling The Syndicate. The weapons are stored in the Weapons Locker. Press the D-Pad LEFT/RIGHT to select the weapon you want to use on your next mission. Press Start to close the locker door. Whichever weapon is showing will be available when you hit the streets.

Barometer

Indicates the passing of seasons. Press Button 1 or 2 to check the barometer. Press Start to exit.

Wall Calendar

Remember, you've only got one year to wipe out the Chicago Syndicate. Watch the calendar and use your time wisely.

Couch

When the couch flashes, Larcen can regain energy by resting. But don't forget — time elapses faster and important events occur while Larcen's out of action. Press Button 1 or 2 to select the couch, and watch your health bar increase as you rest. Press Start to get up off the couch to answer the phone or to reenter the fray.

First Aid Kit

Displays Larcen's health status.

Syndicate Bosses

Know your enemies. Check out posters of crime bosses Grace Jackson, Flint O'Connell, Chiang Ch'ien, Margarita Calles, Jerzy Slowacki and Mr. Taglalini. Each poster includes the boss's current strength.

Telephone

When the telephone flashes, Larcen is receiving a call. Pay close attention to phone calls for valuable tips from the police chief and informants about events that are going to occur. Press Button 1 or 2 to answer your call. Press Start to hang up.

Newspaper

Every event can affect your plans to bust the Syndicate. Stay informed. When the newspaper flashes, press Button 1 or 2. To turn pages, press the D-Pad LEFT/RIGHT. To return to the Warehouse, press Start.

Note: At the beginning of the game, the newspaper will announce that Larcen's been killed in a hospital explosion. Don't be alarmed, it's just part of your cover.

Status Map

The Status Map is your main source of information about the six gangs which make up the Syndicate:

<u>Neighborhood</u>	<u>Gang</u>
Northwest	Jerzy Slowacki's Meat Packer's Guild
Little Village	Margarita Calles and her Mob
The Stockyards	Flint O'Connell and his Army
Chinatown	Chiang Ch'ien and The Dragon Triad
Hyde Park	Grace Jackson and The Brotherhood
Old Town	Mr. Taglalini and The Taglalini Gang

Press the D-Pad RIGHT/LEFT to highlight one of the six neighborhoods. Then check the following indicators for that neighborhood's gang:

Thugs — The more thugs a gang has, the harder the gang is to defeat.

Food + Drink — The more food and drink a gang has, the more thugs it can support.

Munitions — The more munitions a gang has, the more damage its thugs will do.

Dependants — The more dependants a gang has, the more thugs it can employ.

Morale — The lower a gang's morale, the more damage Larcen will do, and the easier the gang is to put out of business.

Money — More money means more food and drink — and more munitions.

Warehouse Door

Press Button 1 or 2 to leave the Warehouse. When you do, you'll appear at the Chicago El Railway Station.

THE CHICAGO EL RAILWAY

Use The El to get around Chicago. Press the D-Pad LEFT/RIGHT to highlight a neighborhood. Press Button 1 or 2 and you'll be transported to that neighborhood. Select The Loop to return Larcen to the Warehouse.

DOING BATTLE WITH THE MOB

In each neighborhood, you'll square off with Chicago's toughest thugs. In each level, you'll also encounter two short-tempered lieutenants.

Make it past the lieutenants and you'll meet the mob bosses, each of whom has his own ferocious fighting technique.

As you fight, you'll see your opponent's and Larcen's health bars. You'll also see a calendar to remind you how many days have gone by. Remember, you only have until December 31, 1920 to clean up Chicago or you're going to the clink!

Warehouse Door

Press Start or 2 to leave the Warehouse. When you do, you'll appear at the Chicago El Railway Station.

Escaping a Battle

You can leave a battle at any time by pressing Start and Buttons 1 and 2 at the same time. When you do, you'll have the following options:

Press Start to return to the fight

Press UP on the D-Pad to return to the Warehouse

Press DOWN on the D-Pad to quit the game

At the bottom of the screen you'll also see the amount of your reward. The more damage you do, the bigger your reward. Take too long to defeat the gangs, and your reward will go down.

A FEW WORDS ABOUT STRATEGY

In the Chicago underworld, the action is continuous. While Larcen's mixing it up with the Meat Packer's Guild in Northwest, Margarita's Mob may be getting a fresh shipment of munitions.

You can exit a battle at any time. But when you return to that neighborhood, conditions will have changed. Thugs may have arrived or left. Fresh food and drink may be on the way. Other turf wars may have damaged the gang's morale.

Every move you make has an impact on Syndicate activity throughout the city. Plan your strategy with that in mind.

TIPS FOR CRUSHING THE SYNDICATE

- Experiment with the controls to find new and different attack moves.
- For maximum impact, fight gangs with low morale and munitions.
- If you learn that a gang will soon be receiving a shipment of munitions or food and drink, fight them before the shipment arrives.
- Whenever possible, fight thugs in front of you (to the right). Try not to let them get behind you (to the left).
