Time Attack Mode

Insert coin, hold **A+B+C+D** and then press **START**

Demo Viewer (CD version only)

With this feature you can save any endings you have gotten. There is also an art gallery. To get the art gallery, you must:

- play through Story Mode once with Demo Cut OFF;
- beat the game with each and every character (including the bosses);
- play through in Short Mode twice, at difficulty levels 1 and 3

Once this is done, you will have a new screen in the Demo Viewer, with several very nice pictures of each character.

To access everything (all endings, story demos and the art gallery) immediately, do the following:

- enter the Options menu;
- put the cursor over Demo Viewer, but do NOT press **A**
- input the boss code (see below), you will hear the "select" tone
- enter the Demo Viewer, and you will have access to everything

Boss Code

At the character select screen, press:

C C C C C C C B B B C C C C

within the space of 3 seconds, and the bosses will become selectable, via means of arrows pointing left and right just above the icons for Kaede and Moriya. Kagami cannot be selected in the arcade.
