INTRODUCTION

PROLOGUE

Greetings, 007. We have a new mission for you that is of the greatest importance.

The recent theft of Oxford University's highly classified prototype nano-robot project—and disappearance of its overseer, Dr. Katya Nadanova—has caused chaos in the global intelligence community. This nanobot project was a humanitarian effort intended to facilitate the remote inspection and repair of hazardous nuclear containment facilities. However, in the wrong hands, this technology could be used for entirely more sinister purposes.

This is where you come in, Bond. We've already identified the rogue political faction responsible for the theft and tracked them to a secret facility in Egypt's Sahara Desert. Your mission, 007, is to destroy both the hardware and the facility. The fate of the world may very well rest once again on your success.

Good luck, 007.

CAST

PIERCE BROSNAN AS... JAMES BOND

The world's greatest secret agent, James Bond is an excellent marksman, an exceptional driver, and a consummate gentleman. 007 can be your greatest ally or your most dangerous foe.

WILLEM DAFORÉ AS... NIKOLAI DIAVOLO

Diavolo is more than merely a former KGB officer disillusioned by the Westernization of his homeland. The prodigy of 007's nemesis Max Zorin, Diavolo was groomed to carry Zorin's plans to their natural conclusion—namely, world domination.

SHANNON ELIZABETH AS... SERENA ST. GERMAINE

This American geologist possesses both brains and beauty. Her knowledge of the villages of South America proves to be an asset to 007, and her expert ability as a helicopter pilot may come in handy at the opportune time.

HEIDI KLUM AS... DR. KATYA NADANOVA

A brilliant scientist, Nadanova has exceptional credentials for the overseer of Oxford University's top secret nanotech project. Her intelligence is only matched by her beauty. After she is kidnapped Bond is assigned to rescue her and the stolen nanotech she helped create, but Dr. Nadanova may have some surprises in store for 007...

MYRA AS... AGENT MYRA STARLING

An NSA agent operating undercover as a nightclub chanteuse, Starling's home base is in Louisiana and her mission is to investigate Diavolo's activities in New Orleans. Her impeccable intel, not to mention her many other talents, are of great use to 007.

RICHARD KIEL AS... JAWS

The long standing rivalry continues between Bond and his nemesis, Jaws. A formidable hitman, Jaws is eager to cross paths with 007 once again and finally defeat his arch enemy.

JOHN CLEESE AS... Q

The M16 quartermaster, Q is in charge of creating and distributing all the weapons, vehicles, and gadgets assigned to 00 agents. A skilled inventor of covert equipment, Q is often irritated with 007's lack of respect for his creations.

JUDI DENCH AS... M

As the head of M16, M is responsible for all operations and agents. As Bond's boss, she is a consummate taskmaster who often dispenses crucial information and advice.

MISAKI ITO AS... MS. NAGAI

Ms. Nagai's skills with weaponry and technology make her highly qualified in her role as Q's assistant in the Q-Lab. Her expert knowledge of nanotechnology will be indispensable to Bond on this mission.

LOCALES**EGYPT**

James Bond 007: Everything or Nothing opens with a mission deep within the Sahara Desert. After sabotaging a secret facility, Bond uses his daring to board a train careening through the archeological wonders of the expansive Egyptian desert.

PERU

In the town of Puerto Viejo, an American geologist's research on platinum reserves becomes a vital clue for Bond. After joining forces with 007, the two infiltrate a luxurious private estate on the outskirts of the Peruvian village.

NEW ORLEANS

In partnership with Myra Starling, an NSA operative, Bond gets to the bottom of his mission's Louisiana connection. While there, he pays a visit to a sultry nightclub and an antiquated Creole plantation.

MOSCOW

In the Russian capital of Moscow, *James Bond 007: Everything or Nothing* comes to its dramatic finale. Bond must act quickly to prevent Diavolo from turning Moscow's Red Square into the testing grounds for his new world order.

ELECTRONIC ARTS LIMITED WARRANTY

Electronic Arts warrants to the original purchaser of this product that the recording medium on which the software program(s) are recorded (the "Recording Medium") and the documentation that is included with this product (the "Manual") are free from defects in materials and workmanship for a period of 90 days from the date of purchase. If the Recording Medium or the Manual is found to be defective within 90 days from the date of purchase, Electronic Arts agrees to replace the Recording Medium or Manual free of charge upon receipt of the Recording Medium or Manual at its service center, postage paid, with proof of purchase. This warranty is limited to the Recording Medium containing the software program and the Manual that were originally provided by Electronic Arts. This warranty shall not be applicable and shall be void if, in the judgment of Electronic Arts, the defect has arisen through abuse, mistreatment or neglect.

This limited warranty is in lieu of all other warranties, whether oral or written, express or implied, including any warranty of merchantability or fitness for a particular purpose, and no other representation of any nature shall be binding on or obligate Electronic Arts. If any such warranties are incapable of exclusion, then such warranties applicable to this product, including implied warranties of merchantability and fitness for a particular purpose, are limited to the 90-day period described above. In no event will Electronic Arts be liable for any special, incidental, or consequential damages resulting from possession, use or malfunction of this Electronic Arts product, including damage to property, and to the extent permitted by law, damages for personal injury, even if Electronic Arts has been advised of the possibility of such damages. Some states do not allow limitation as to how long an implied warranty lasts and/or exclusions or limitation of incidental or consequential damages so the above limitations and/or exclusion of liability may not apply to you. In such jurisdictions, the Electronic Arts' liability shall be limited to the fullest extent permitted by law. This warranty gives you specific rights. You may also have other rights that vary from state to state.
