As GUY MANLY, your aim is to make crime pay in space!

Under orders from the 'Council' your mission is to hijack innocent space truckers and sell their cargoes.

Mission simulators are installed to help you know what to expect in space.

Have you got what it takes to satisfy the council and make yourself a pile of loot?

*SCREENSHOTS MAYBE TAKEN FROM VARIOUS FORMATS*

# COSMIC PIRATE

**BYTE BACK**

## LOADING INSTRUCTIONS

Use SHIFT and RUN STOP only. Use number 2 port only if only 1 joystick is required.

You are a pirate who makes his living flying the galaxy, plundering space trucks for their cargo.

You must fight off the aliens in each sector of space and make your way to the spacetruck.

**BYTE BACK**

Go down to a planet and clear it of aliens to be awarded extra credits.

You start your adventure in the space station 'nest 51' where you may buy extra equipment for your ship and view data on space trucks.

To allow you practice at fighting aliens and capturing trucks, the space agency has a computer room where you can play simulations of space combat, for only a minimal fee. Amassing credits is vital, to pay launch tax, toll tax, and buy your missions and weaponry.

## CONTROLS

On menu section : Keys 0 – 9 to select options

On main game : Joystick to rotate ship.

Fire button to fire gun

Hold fire button down for 1 second to activate a smart bomb (if you collected one)

To exit simulators : Press run stop or escape.
