HANDLING YOUR COMPACT DISC

- The Sega Saturn disc is intended for use exclusively with the Sega Saturn™ system.
- Do not bend it, crush it, or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional recess during extended play, to rest yourself and the Sega Saturn compact disc.
- Keep your Sega Saturn compact disc clean. Always hold it by the edges and keep it in its case when not in use. Clean with a lint-free, dry soft cloth — wiping in straight lines from center to edge. Never use solvents or abrasive cleaners.

WARNING: READ BEFORE USING YOUR SEGA VIDEO GAME SYSTEM

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game — dizziness, altered vision, eye or muscle twitches, disorientation, loss of awareness, any involuntary movement or convulsions — IMMEDIATELY discontinue use and consult your physician before resuming play.

WARNING TO OWNERS OF PROJECTION TELEVISIONS

Still pictures or images may cause permanent picture-tube damage or mark the phosphor of the CRT. Avoid repeated or extended use of video games on large-screen projection televisions.

How to Play

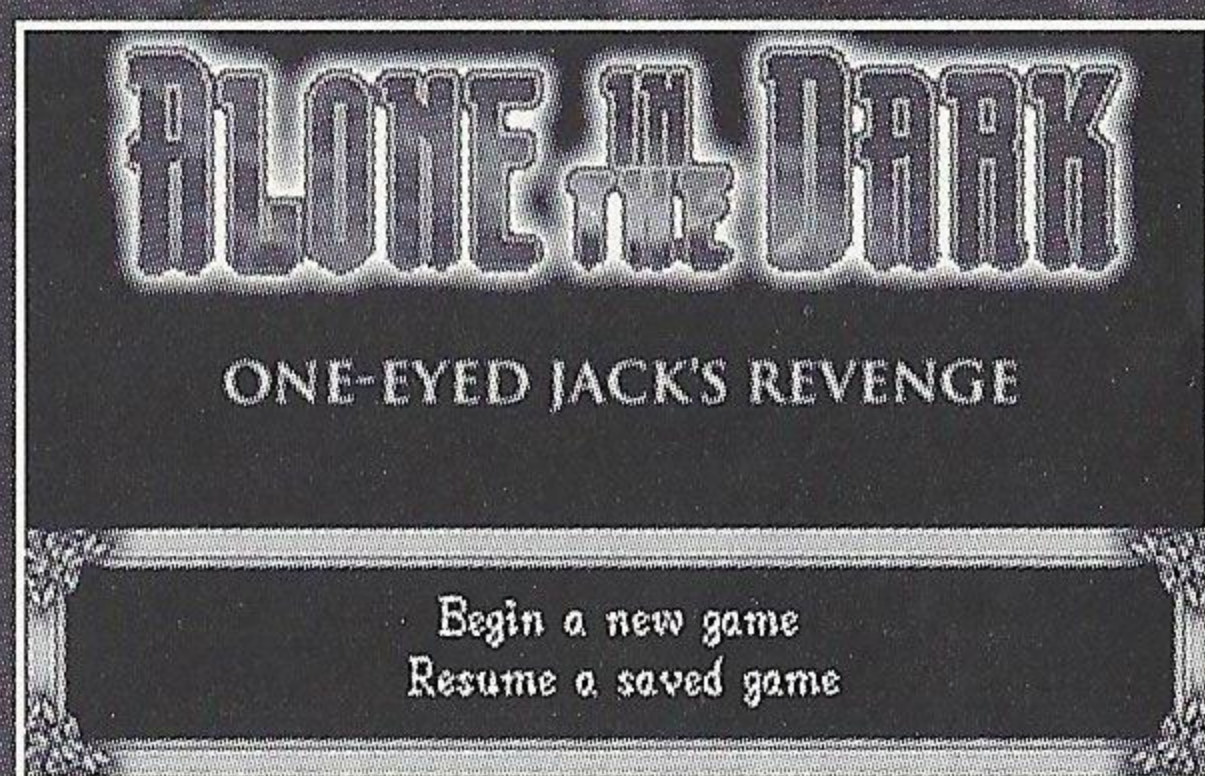

You are the elusive detective, Edward Carnby. A kidnapped child depends on your super sleuthing skills and your astonishing ability to outwit a band of immortal pirates. One-Eyed Jack, their nefarious leader, would give his remaining eye to see you permanently retired. Are you ready for the challenge of your life?

Nerves of steel and quick thinking are your trademarks, so without hesitation you set out to rescue young Grace Saunders, the missing girl. Your razor sharp instincts lead you to the one place that no one in their right mind would go...One-Eyed Jack's infamous hideout known as Hell's Kitchen – a forbidding mansion that resonates with venomous evil.

Perched high above the unforgiving and twisting sea, Hell's Kitchen glares down at you, daring you to come closer. "One-Eyed Jack is in there", you whisper under your breath.
