the event types

There are multiple event types in ATV Offroad Fury® 4. Each event has an Amateur and Pro Class.

Note: Amateur Championships cannot be entered with Pro vehicles.

Supercross

Supercross is stadium racing where you can become a crowd-pleasing hero or choke in front of a huge audience. These indoor events feature almost constant turning and jumping so your preloading and power sliding skills must be topflight. Pure speed is less important than quick acceleration. These tracks are for Light (ATV & MX) Class only.

Rallycross

Rallycross is offroad racing where you must come to grips with the environment while contending with your opponents. These outdoor events feature unpredictable terrain and roadside obstacles, making navigating the uneven surface as much of a challenge as coming in first place. These tracks are for Heavy (Buggy & Truck) Class only.

National

These outdoor events feature high-quality venues with well-designed courses for the best riders. Though weather conditions can be a factor, the real challenges are built into the course. These tracks can be used with both Light and Heavy Classes.

Freestyle

Display your airborne artistry and insanity by pulling off incredible stunts and clearing objectives. Freestyle events can take place wherever there is huge air potential. These tracks are for Light Class only.

Circuit

Try your hand at racing buggies and trucks around these indoor dirt circuit tracks, which are groomed with sharp corners and varying sized jumps. These tracks are for Heavy (Buggy & Truck) Class only.

P2P (Point-to-Point)

Make your own offroad path and complete courses through multiple routes as you kick up dust, dirt and mud across these free-roaming, Baja-style outdoor tracks built for all four vehicle types. For the most suitable routes, Light Class vehicles should follow the Red Routes (noting the arrow signs) while Heavy Class vehicles are more suited to the Green Routes.

Sponsor

Unlock Sponsorship tracks by winning Sponsor Challenges during Story and Classic modes, and then tackle the courses here. These tracks are for both Light and Heavy Classes depending on the event.

single event modes

In Single Event play you can further define your event choice by selecting a mode on the Single Event screen before pressing **X**. Use the left analog stick or directional buttons to choose a Game Mode (Single Event or Lap Attack), any unlocked tracks and the type of vehicle you wish to race. Some events allow you to select the number of laps or the time limit. A lock appears for tracks that are not yet available.

Race Options

You can further customize your race, vehicle and rider at the Pre Race Screen or by visiting the Garage.

Vehicle • Choose from any of the available vehicles for the chosen event and track. The window along the right side of the screen displays your vehicle. The vehicle's Power, Weight and Cornering abilities are displayed to the bottom left.

Tires • Choose from any of the available tires. Certain tires work better on certain surfaces. The higher your tire rating, the better traction you'll get.

AI Type • You can set the AI competition's type to SINGLE or MIXED.

AI Difficulty • You can set the AI difficulty to NORMAL, EXPERT or OFF.

story mode

Live the life of a young rider and earn a path to the ranks of a professional racer. Experience the drama and intensity of realistic offroad racing with increasingly difficult race challenges and events all tied together with engaging, story-driven cut scenes.

Compete in Story Mode competitions and win Credits to buy (unlock) important items for your racing career including new vehicles, parts and rider gear. To move onto the Pro Championships of the Story Mode, you'll need to gain a Light and Heavy Class License in the Amateur Championships.

Note: You also unlock tracks and logos during Story Mode participation and wins without spending Credits.

The Event Map

Select your race here and keep track of your progress between events. This serves as a status screen throughout your quest for the championship.

Racers List • Check here after a race to see how you stacked up on points and position.

Round • Look here to see the total number of rounds you have raced in this event and how many there are in total.

story mode (cont'd)

Vehicles • Events in the Amateur tier cannot be entered in Pro vehicles. Once in the Pro tier, you become a member of the Fury Motorsport Team. On P2P races you will only be eligible to use the Fury team's vehicles rather than your own customized vehicles.

Sponsors • Once you have unlocked a Sponsor during Story Mode you will see the 'Sponsor' menu option. This allows you to access unlocked Sponsor Challenges and review your Sponsor deals.

Race Results

Race results are listed by your profile name. Check your finishing position, total elapsed time for the race, best lap time and stunt score. If you broke a record in any category, the congratulations screen will appear.

Championship Results • Get your finishing position and points for the event.

Career Progression Screen • View this to see how you met the requirements. You will be notified if you qualified for the next race. Depending on the race, you may have to finish in a certain position to qualify for the next race.

Knock over all the pins on the first turn of a frame (a STRIKE) to get bonus points from your next two turns. Clear away all the pins on the second turn of a frame (a SPARE) to get bonus points from your next turn. Finish all ten frames and get the highest total score to win.

Rings of Fire

In this time-based mini game riders attempt to drive their ATVs and MX Bikes through multiple rings and chain them together for huge points. For each successive ring you can drive through before the time multiplier runs out, the higher score you'll receive. The rider with the most rings chained at the end of the game wins!

IF YOU CLICK THE "DECLINE" BUTTON YOU WILL NOT BE ABLE TO PLAY THE ONLINE VERSION OF THIS GAME. CHECK WITH SONY COMPUTER ENTERTAINMENT AMERICA INC. ("SCEA") CONSUMER SERVICES AT 1-800-345-7669 WITHIN 30 DAYS OF YOUR PURCHASE FOR REFUND OR RETURN INFORMATION. PLEASE HAVE YOUR PURCHASE RECEIPT AVAILABLE.

1. ACCEPTANCE OF AGREEMENT. This Agreement can be accepted only by an adult 18 years or older. By clicking the "ACCEPT" button, you affirm that you are an adult 18 years or older and you are accepting this Agreement on your own behalf or on behalf of your minor child (under 18).

2. GRANT OF LICENSE. SCEA grants you a non-exclusive right to use this software for play on a PlayStation®2 computer entertainment system only. You may not (i) rent, lease or sublicense the software, (ii) modify, adapt, translate, reverse engineer, decompile or disassemble the software, (iii) attempt to create the source code from the object code for the software, or (iv) download game content for any purpose other than game play. You may, however, transfer all your rights to use the software to another person provided that you transfer the original product and this Agreement with the software.

3. AUTHENTICATION. This software uses "DNAS" (Dynamic Network Authentication System), a proprietary authentication system created by Sony Computer Entertainment Inc. (SCEI). "DNAS" retrieves information about a user's hardware and software for authentication, copy protection, account blocking, system, rules, or game management and other purposes. The information collected does not identify the user personally and will not be shared with any non-SCE company. SCEI, SCEA and their affiliates cannot guarantee the continuous operation of the "DNAS" servers and shall not be liable for any delay or failure of the "DNAS" servers to perform. If you receive a message during login identifying a "DNAS" authentication error, please contact SCEA Consumer Services at 1-866-466-5333. For additional information concerning "DNAS", visit www.us.playstation.com/DNAS. In the event of a systems incompatibility or inoperability with "DNAS", the sole liability of SCEI, SCEA and their affiliates shall be limited to the repair or replacement of the user's affected game software, console, or peripherals at the option of SCEA. SCEI, SCEA and their affiliates shall not be liable for any delays, system failures, authentication failures, or system outages, which may, from time to time, affect online game play or access thereto.

4. COLLECTION OF INFORMATION. Before you can play, you will be asked to create an account with a user, player or other game name ("game name") and password. You may also be asked to select or provide additional information for a game profile. This information will not identify you personally. You agree that this non-personally identifying information may be provided to any tournament website which is established by SCEA or its partners in connection with this game. Such information will not be displayed on any tournament site without your permission and agreement to participate in the tournament.

5. PROTECTION OF IDENTITY. When you choose a game name, choose an alias to protect your identity. Avoid using any part of your game name in your password. When you choose a password, choose a unique combination of letters and numbers that is unrelated to your game name or to any information you may share with other players in the game. SCEA will not ask you for your password and you should not provide this information to any third party. This game will save your game name, profile and password automatically. If your game name is inactive for an extended

online user agreement

period your account may be deactivated. To inquire about a deactivated account, please contact SCEA Consumer Services at 1-800-345-7669. You agree that you have no expectation of privacy or confidentiality in the personal information you may intentionally or unintentionally disclose through login, game play and chat. You should avoid saying anything personally identifying in chat. SCEA has no liability for any violation of this Agreement by you or by any other player.

6. ONLINE CONDUCT. When you play, you agree to be respectful of your fellow players and never to engage in any behavior that would be abusive or offensive to other players, disruptive of the game experience, fraudulent or otherwise illegal. This includes but is not limited to:

(a) Harassing or intimidating other players while chatting or playing this game online or using information obtained while chatting or playing this game to harass or intimidate fellow players outside of the game;

(b) Using language, selecting user, character, clan or team names or creating any other content including, but not limited to your ATV rider icon, that is racially, ethnically or religiously offensive, sexually abusive, obscene, defamatory or one which infringes a registered trademark of SCEA or 3rd Party;

(c) Selecting as a user, character, clan or team name any word, symbol or combination of words and symbols which is identical to or substantially similar to any character, weapon, vehicle or other intellectual property element owned by SCEA which appears in this game or any other SCEA game;

(d) Using content that is commercial in nature such as advertisements, solicitations and promotions for goods or services;

(e) Falsely representing that you are an employee of Sony Corporation, Sony Computer Entertainment America, or any other affiliated or related company;

(f) Disrupting the normal flow of chat in game chat rooms;

(g) Making a false report of user abuse to SCEA Consumer Services (see below);

(h) Violating any local, state or national law including but not limited to laws related to copyright, trademark, defamation, invasion of privacy, identity theft, hacking and the distribution of counterfeit software;

(i) Using a cheat code or cheat device. For a detailed explanation of the SCEA policy on cheating visit www.us.playstation.com/onlinecheating.

To insure compatibility use only PlayStation® or PlayStation® licensed products. Additionally, SCEA does not guarantee that you will be able to play this game at any time you want. From time to time, there may be problems related to access, delay and failure to perform that are beyond the immediate and reasonable control of SCEA. In the event of a dispute regarding the online functionality of this software (except with regard to the operation of "DNAS" explained in paragraph 3 above), you agree that the sole liability of SCEA and its affiliated companies will be limited to repair or replacement of the game software at SCEA's option. Both parties submit to personal jurisdiction in California and further agree that any dispute arising from or relating to this Agreement shall be brought in a court within San Mateo County, California. If any provision of this Agreement shall be held invalid or unenforceable, in whole or in part, such provision shall be modified to the minimum extent necessary to make it valid and enforceable, and the validity and enforceability of all other provisions of this Agreement shall not be affected thereby. This Agreement constitutes the entire agreement between the parties hereto related to the subject matter hereof and supercedes all prior oral and written and all contemporaneous oral negotiations, commitments and understandings of the parties, all of which are merged herein.

This warranty shall not be applicable and shall be void if the defect in the SCEA product has arisen through abuse, unreasonable use, mistreatment or neglect. THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES AND NO OTHER REPRESENTATIONS OR CLAIMS OF ANY NATURE SHALL BE BINDING ON OR OBLIGATE SCEA. ANY IMPLIED WARRANTIES APPLICABLE TO THIS SOFTWARE PRODUCT, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, ARE LIMITED TO THE NINETY (90) DAY PERIOD DESCRIBED ABOVE.
