Introduction

Following the loss of Queen Isabella, King Randolph realizes that his 12 daughters need a mother in their lives. He summons his cousin, the Duchess Rowena, to help raise the 12 spirited Princesses. Unfortunately, Rowena has plans of her own. She torments the girls endlessly while keeping the King in the dark about her true ambitions – but that's where you come in!

Your adventure as Princess Genevieve™ begins when she and her 11 sisters unlock the secret door to a magical world filled with music and dance. There they find a temporary escape from Duchess Rowena and her endless torments.

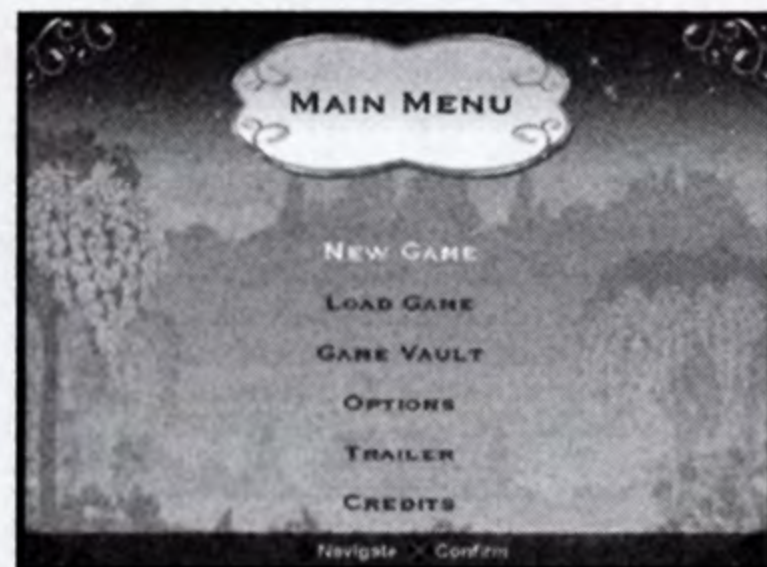

Trouble arrives when Derek™ follows the Princesses into this magical world to deliver terrible news – Rowena seeks to poison their father, King Randolph, and take over his Kingdom! Making matters worse, Rowena traps Derek™ and the 12 Princesses in the magical world, leaving Rowena free to claim the Kingdom as her own!

Help Princess Genevieve™ search the magical world for a Vial of Elixir that can cure King Randolph – but once she finds it, can she escape to the real world in time to save King Randolph and his Kingdom from Rowena’s vile clutches?

Barbie

Dancing
PRINCESSES

Magic Charms

You will find many Magic Charms scattered throughout the adventure. Collect as

many as you can to gain extra fireworks, lights and fountains for your display in the My Show – Finale. Be quick to catch them, though, or that nasty monkey, Brutus, will snatch them away before your very eyes!

Keys

You will find one gold, one silver and one bronze Key in each of the four areas of the enchanted world. These Keys unlock gates that lead to various activities you must complete. Any Keys you find will be displayed at the top of the screen.

Pressure Platforms

Sometimes Genevieve™ will need to stand on pressure platforms scattered around an area to open pathways or unlock doors.

Dance Star

Whenever you find a princess, you will return to the Central Pavilion where you can play a round of Dance Star and teach fantastic new dance moves to each princess you find.

The Vial of Elixir

The Vial of Elixir is your ultimate goal. You will need to complete all three activities in each of the four game worlds to find it.

The Enchanted Glen

Your adventure begins in a beautiful, magical glade among shimmering trees and sparkling pools. Explore this area to find the Golden Flute. The three parts of the Flute are hidden in different places throughout the Enchanted Glen, and you must play a game to win each part. A floating disk marks the location of each game – Twyla™ will lead you to them.

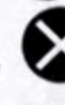

Gemstone Juggle (First Part of the Flute)

The first part of the flute is hidden behind leaves in the branches of a magical tree. When apple-gems fall from the tree, press the directional buttons or use the left analog stick to move Twyla™ left and right and bounce the apple-gems back into the branches. Knock the leaves loose until you find the flute. Three correct hits will completely uncover the flute and a fourth hit will dislodge it.

Charm the Magpie (Second Part of the Flute)

Four magpie chicks are ready for lunch! Press the directional buttons or use the the left analog stick to move Genevieve™ back and forth in front of the chicks, and then press  to throw fruit to them. Time your throws carefully – the swaying branches will block the fruit. Once you feed all 4 chicks twice, the mother magpie will fly down and reward you with the second part of the flute.

Boathouse Puzzle (Third Part of the Flute)

To gain the final part of the flute you must complete a puzzle carved into the doors of the boathouse. Press the directional buttons or use the left analog stick to highlight a puzzle piece and press  to select it. Move the piece into position over the puzzle and press  again to release it. If the piece doesn't fit, it will snap back to its original position so you can try it somewhere else. When all the pieces are in their proper places, you will receive the entire Golden Flute and the boathouse doors will magically open. Inside is a swan-shaped boat that will take Genevieve™ to the Central Pavilion where you can begin your search for the other Princesses and the Vial of Elixir.

PRINCESSES

The Central Pavilion

From the Central Pavilion you can access the four archways that lead to The Royal Courtyard, The Water Terraces, The Hanging Gardens and The Crystal Streams. To find all of the princesses, you will need to explore all four of these enchanted worlds.

Finding the Princesses and Their Gems

Each time you successfully complete a game in one of these worlds, you will find a princess. A special screen will open where you must match the princess to her gem. Press the directional buttons or use the left analog stick to highlight a gem and press **X** to select it. Move the gem to the slot beneath the princess, and then press **X** again to release it. If you picked the right one it will snap into place. If not, it will jump back to its starting position. Once you finish, you will travel to the Central Pavilion to play a game of Dance Star with the princess you have found.

Dance Star

After you locate each princess, you get to teach her a dance routine that you design yourself! Press the directional buttons or use the left analog stick to highlight the different dance icons – you'll get to see an animation of each dance move before you choose it! Press **X** to add a dance move to the sequence bar at the bottom of the screen. Preview your routine at any time by pressing **□**. When you are satisfied, press **○** to watch the full routine with lights and music!

The Royal Courtyard

You'll find peacocks and butterflies galore in this Royal world, with hedge mazes to explore and rabbits you can pet. Here you must play 3 different games to find 3 different princesses.

My Show – Lights

My Show – Lights allows you to design your own dazzling light display, illuminating the Royal Courtyard with a wide variety of colored lights. Choose whatever you want – it's all up to you!

Press the directional buttons or use the left analog stick to highlight your various options. If you like what you see, press **X** to select it. A symbol representing your choice will then appear in the bar at the bottom of the screen. String together a sequence of lights by completely filling the bar with symbols. You can preview the show you have built as often as you like by pressing **□**. Watch the complete display by pressing **○** – the view will change to full screen so you can enjoy your customized light show in all its glory.

Step, Strut and Sway

Janessa™, one of the triplets, needs to practice her dancing until she can Step, Strut and Sway like a pro!

As the falling arrows pass through the bar at the bottom of the screen, press the matching directional buttons or use the left analog stick. Each time you match a falling arrow, Janessa™ will perform a stunning new dance action. And don't worry if you miss any of the arrows because Janessa™ is quick to Step, Strut and Sway her way back into the swing of things. Keep Janessa™ dancing long enough to collect all the arrows and you'll win her gem.

Find Twyla™

Twyla™ has scampered ahead to search for the princesses and the Vial of Elixir. You need to find her! She could be hiding anywhere among the trees and shrubs along the path. To make things more difficult, there are lots of other animals hiding with her.

Press the directional buttons or use the left analog stick to highlight different areas, press **X** to see who's hiding there. It could be a baby raccoon or a baby fox. The fun is in the discovery! Just make sure you check behind everything you see. And be ready for a chase – Twyla™ is feeling frisky, so as soon as you find her she'll probably run on ahead again!

The Water Terraces

Walk through the fountain archway and you will be transported to the Water Terraces, a maze of beautiful pools and fountains. As with all the other worlds, you must complete 3 games here to find 3 more princesses.

My Show – Fountains

Make your own fountain show in the same way that you created your My Show – Lights display in the Royal Courtyard.

Ballet Beauty

Help Lacey™, another of the triplets, practice her dancing just like you helped Janessa™ in the Step, Strut and Sway game in the Royal Courtyard.

Musical Sprites

A musical sprite has fallen to the bottom of the waterfall and needs your help!

Press the directional buttons or use the left analog stick to move the bubble back and forth so you can bounce the sprite back to the top of the waterfall. As you go, musical notes held in bags will fall around you. Use the sprite to collect as many notes as you can. When you reach the top of the waterfall, you'll win a water gem!

The Hanging Gardens

When you enter the Hanging Gardens you will be amazed at the view – here your head is literally in the clouds! This world holds many surprises, like floating islands and viewing points where you can gaze across the enchanted landscape. Like the other worlds in this adventure, you will find 3 games to complete – just watch out for the spinning platforms or they'll twirl you off in the wrong direction!

My Show – Fireworks

From so high in the sky, these fireworks are sure to be a stunning sight! Build this display the same way that you created your My Show – Lights and My Show – Fountains displays in the Royal Courtyard and Water Terraces.

Freestyle Fun

Help Kathleen™, the third triplet, finish her dance just as you helped Janessa™ with the Step, Strut and Sway game from the Royal Courtyard and Lacey™ with the Ballet Beauty game from the Water Terraces!

Rainbow Cloud Catch

When you play this game, your goal is to collect all the colors of the rainbow. A series of colored gems will drop from the sky. Press the directional buttons or use left analog stick to position the gems as they fall. Whenever you get three in a row,

Barbie

Dancing
PRINCESSES

they will disappear and that color will appear as a stripe across the sky. But be careful! The storm will occasionally spit out little thunderclouds. If one of them touches any of the delicate gems, it will destroy them!

Once you collect all seven colors, a beautiful rainbow will shine across the sky for you.

The Crystal Streams

When you enter the Crystal Streams, you will be amazed by all of the gorgeous crystals that rise around you. It's like traveling through a forest made of jewels! Just as in the other worlds, you'll need to finish 3 more games to find some Princesses and the Vial of Elixir!

Kitty Catch

If you collect enough flowers, you may be able to get the attention of one of the princesses. As Twyla™ runs around the pergola, she'll need to collect 8 falling flowers before she is satisfied with her bouquet and stops.

Help Twyla™ by pressing  when she needs to jump over obstacles or  when she needs to duck under low-hanging branches. Whenever she reaches a falling flower, press  again to jump and catch it. You can press the directional buttons or use the left analog stick to speed Twyla™ up or to slow her down.

Lily Leaf Throw

Genevieve™ needs to cross a wide stream, but first she needs you to make a bridge for her out of giant lily pads!

A length of twine is stretched between two posts like a slingshot, and flowers will magically appear in it. As giant lily pads float downstream, try to fling the flowers onto them. Press the directional buttons or use the left analog stick to aim the flowers where you want them to land, then press  to fling them into the water. Any lily

pads that you hit will slow down and become stuck on the rocks to the left of the jetty. When you get 8 lily pads in a line, Genevieve™ will be able to walk across and find one of her sisters.

Crystal Quest

This is the final challenge of the game. After you find all the other Princesses, a crystal bridge will rise from the water allowing you to reach the gate to this area. Once you pass through several levels of jumps, spinning platforms and crystals to climb, you will be rewarded with a gem for Genevieve™ and the Vial of Elixir. You're finally ready to return to the Kingdom and stop the cruel Rowena!

My Show – Finale

Once you defeat Rowena and save King Randolph, it's time for you to celebrate with the My Show – Finale. Here you bring together all the fountains, lights and fireworks from the other My Show games to make one truly magnificent display. And depending on how many Magic Charms you collected throughout the Adventure, extra decorations will automatically be added to those you can select from.

The firework, fountain and light shows you have already built will appear in three bars at the bottom of the screen. Pressing the directional buttons or using the left analog stick, highlight any items in the bars that you want to change and press **X**. Then press the directional buttons or use the left analog stick to highlight the symbols along the sides of the screen and press **X** to replace the symbol in the bar. You can also press **L1** and **R1** to change the color of each display!
