### **READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.**

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your physician before playing. IMMEDIATELY DISCONTINUE use and consult your physician before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- dizziness
- altered vision
- eye or muscle twitches
- loss of awareness
- disorientation
- seizures
- any involuntary movement or convulsion

RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR PHYSICIAN.

---

### **Use and handling of video games to reduce the likelihood of a seizure**

- Use in a well-lit area and keep as far away as possible from the television screen.
  - Avoid large screen televisions. Use the smallest television screen available.
  - Avoid prolonged use of the PlayStation®2 system. Take a 15-minute break during each hour of play.
  - Avoid playing when you are tired or need sleep.
- 

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

### **WARNING TO OWNERS OF PROJECTION TELEVISIONS:**

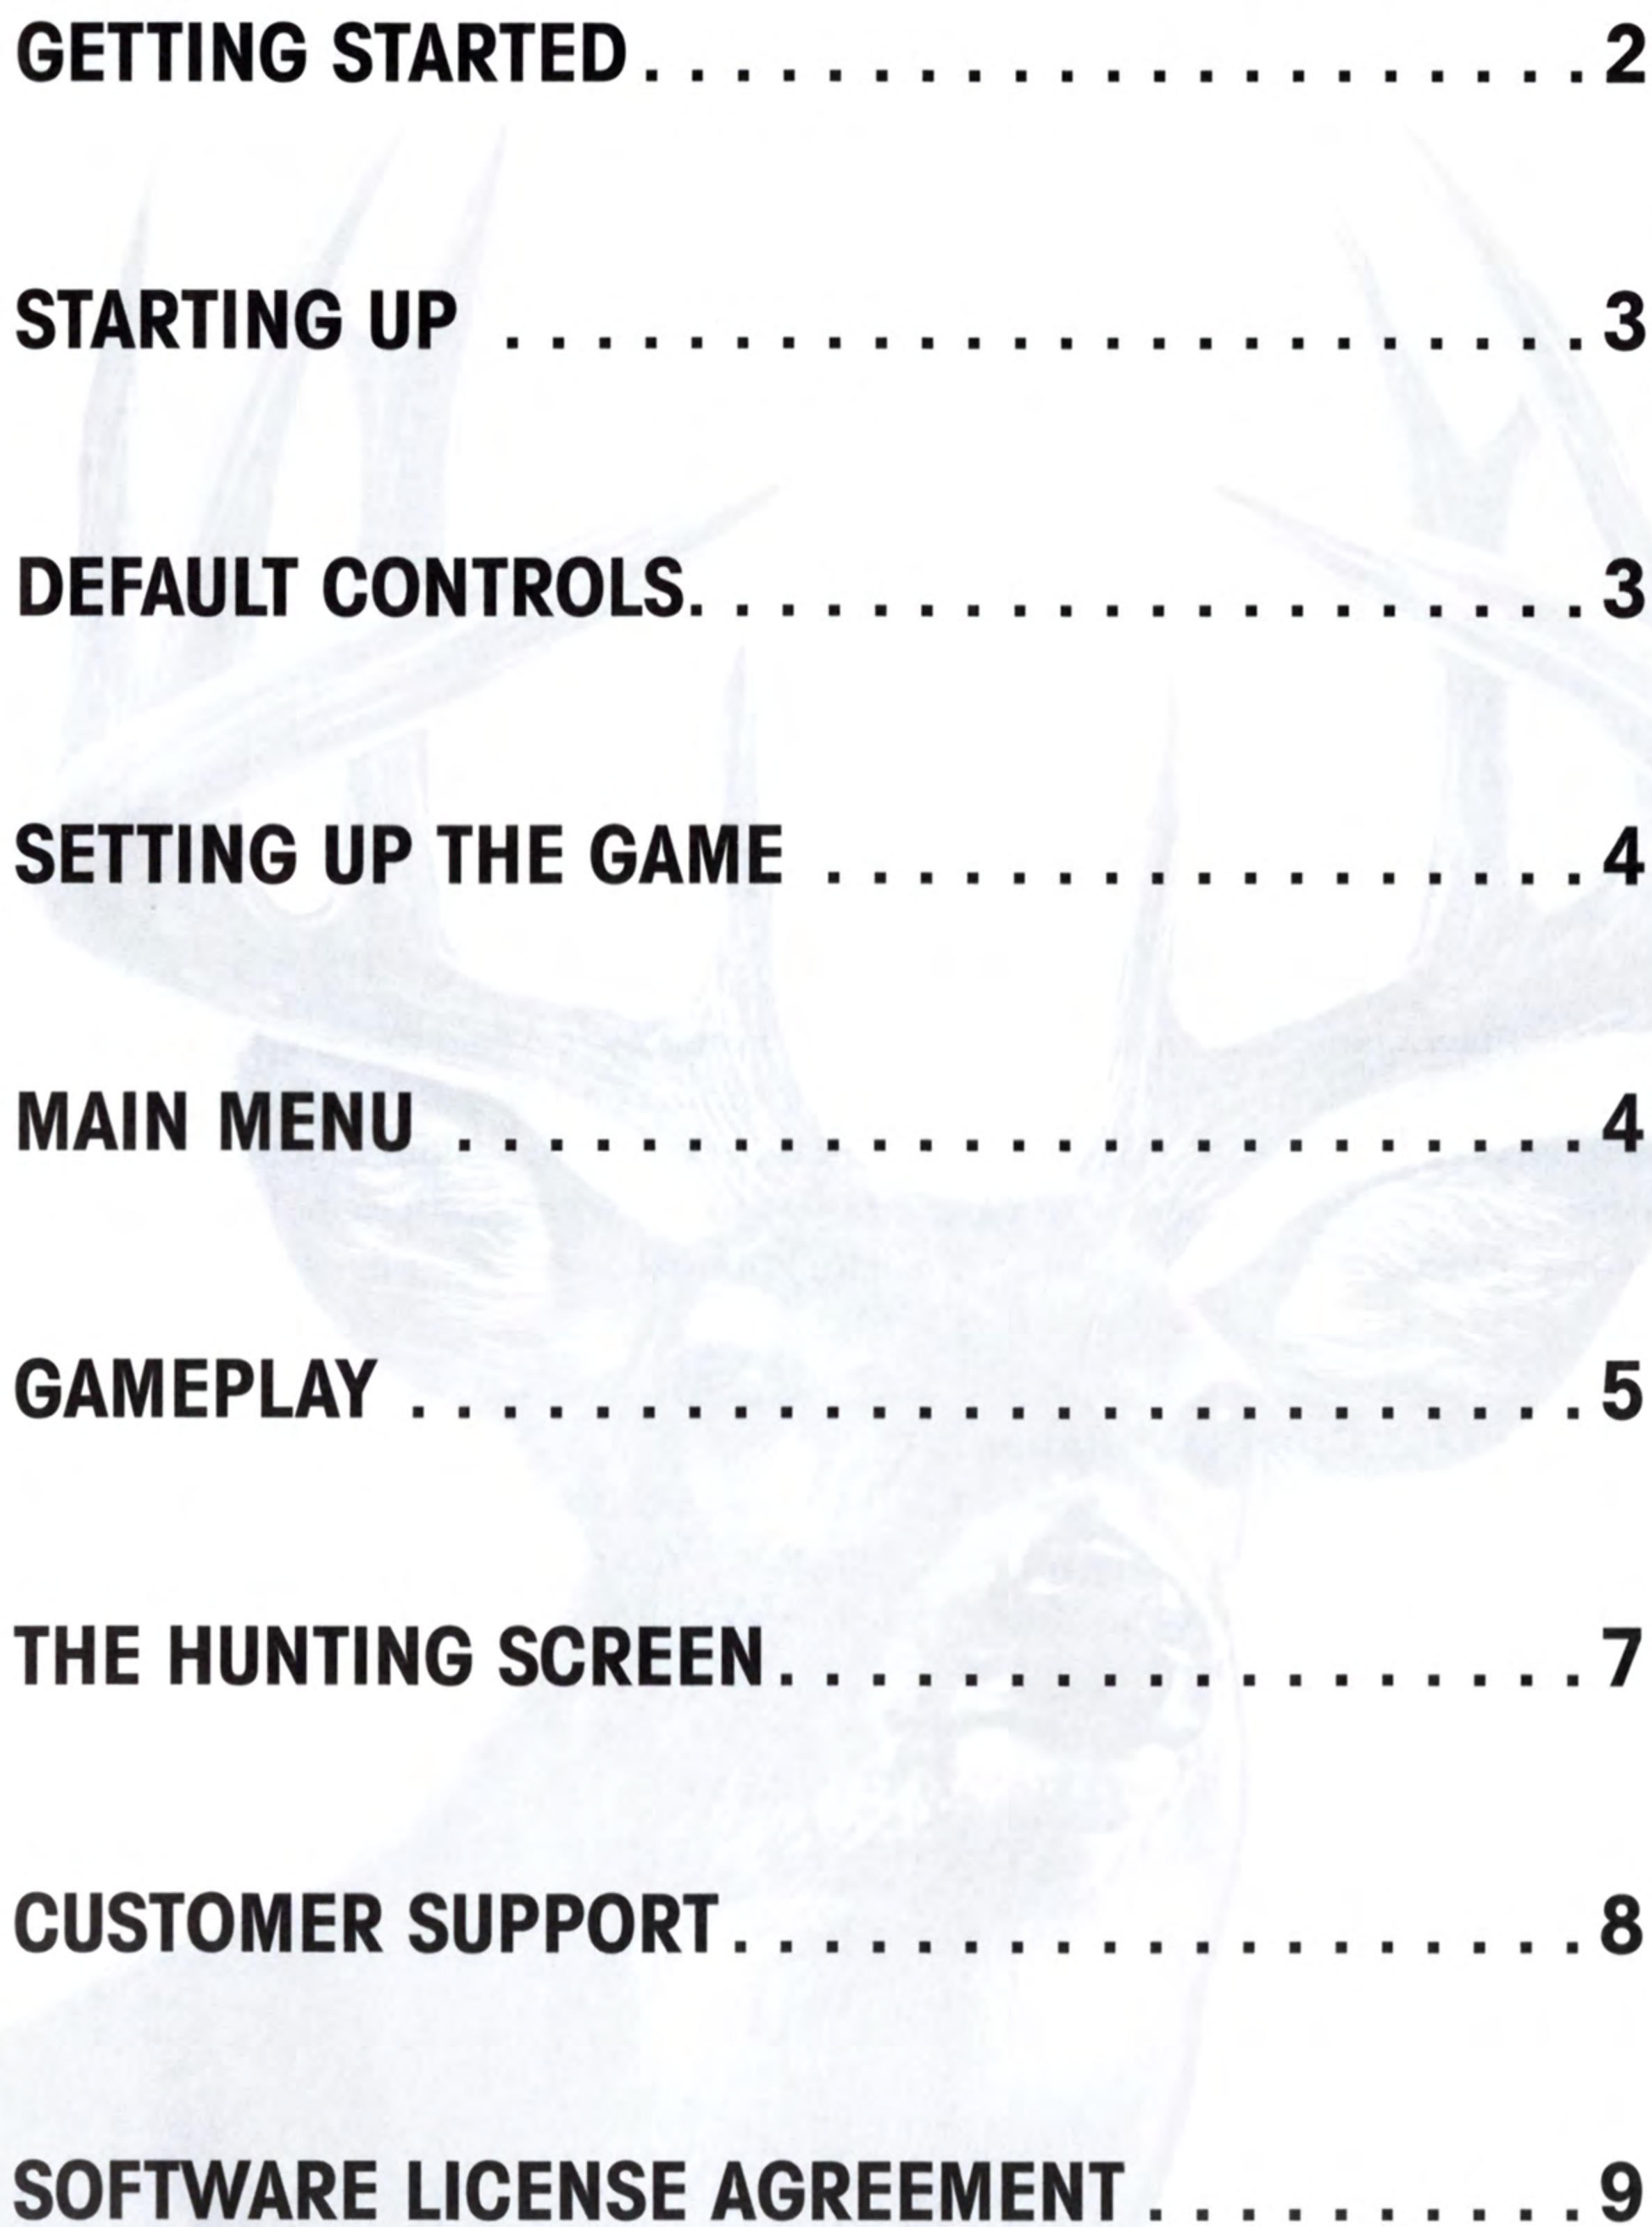

Do not connect your PlayStation®2 system to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

## **MAIN MENU**

From the Main Menu screen, you can: begin your hunting adventure in **LEGEND** mode; jump right into a hunt in **ADVENTURE** mode; test your skill in a shooting contest in **MARKSMAN** mode; view your Legendary Animal **TROPHIES** in the Trophy Room; and go into **OPTIONS** to adjust the game's settings.

### **LEGEND MODE**

Here is where you begin your hunting journey through North America and the 20th century. In each region, your main goal is to locate and then hunt down its Legendary Animal. These guys are tricky to find and require you to use your tracking and hunting skills to build up your Hunter IQ.

### **Legend Mode – Guide**

Here are some basic hints for hunting in Legend mode:

1. Don't shoot big game animals until you have tags for them.
2. It's open season on birds and small game!
3. To get tags, look for Challenge Hunts throughout the region.
4. Challenge Hunts are marked by animal skulls.
5. Hunter IQ goes up when a Challenge Hunt is completed.
6. You'll need to raise your Hunter IQ to at least level 3 before you can find the Legendary Animal.
7. Check your map for your objectives, the tracks you've found and other vital info!

# Cabela's LEGENDARY ADVENTURES

## ADVENTURE MODE

Want a quick way to get right into the hunting action? As regions are unlocked in Legend Mode, you can then access them in Adventure mode.

## MARKSMAN MODE

These shooting contests are where to go for an itchy trigger finger. Learn to quickly switch between your firearms to knock down as many targets as you can within the time limit. Different color targets have different point values. You must shoot flying targets with a shotgun or you will be penalized.

**Tournament:** 1 Player. Shoot down as many targets as you can in the time limit and go for the Tournament record!

**Hot Seat:** 2-4 Players. Take turns in each round. The player with the highest score wins!

## TROPHIES

**Trophy Animals:** View the Legendary Animals that you have hunted.

**Statistics:** View your Legend Mode Rating.

**Medals:** See what hunting feats you have accomplished in Legend mode.

## OPTIONS

**Audio:** Adjust music, FX, speech and movie volume levels.

**Controls:** Switch controller sets, invert the Y axis and turn Vibrate on/off.

**Gameplay:** Turn the Hit Camera on/off or turn AutoSave on/off.

**Save:** Here you can save and delete profiles.

## GAMEPLAY

### Use Firearms

If your Ammo is low in your equipped firearm, press the SQUARE button to Reload. You can carry up to four firearms at one time: 1 rifle, 1 shotgun, 1 handgun and 1 bow. To quickly switch firearms you have equipped, press the right directional button and then use the right analog stick to select.

Equipping and upgrading firearms can be done before entering a region in Legend, Adventure and Marksman mode. This is where you can equip a scope and customize other parts of your firearms and bows. All parts (except scopes) require Upgrade Points to purchase. Upgrade Points can be earned by completing the hunts in Legend Mode.

## **Use Gear Items**

To quickly switch gear items you have equipped, press the left directional button and then use the right analog stick to select. Equipping gear can be done before entering a region in Legend and Adventure mode.

## **Aim/Zoom**

When using a firearm without a scope attached, you can use Aim to get a closer view of your target. When using a firearm with a scope attached, you can use Zoom to go into Scope Mode.

## **Hunter IQ**

Filling up your Hunter IQ is the key to completing a hunt for a Legendary Animal. Without a Hunter IQ level of at least three, you will never find the Legendary Animal in each region. You can fill your Hunter IQ in different ways:

- Find tracks
- Find and complete the different Challenge Hunts (look for the animal skulls in Legend mode)
- Shoot small game animals
- Shoot birds (must use a shotgun)

## **Hunter Sense & Tracking**

You have the special ability to alter your view and scan the area for highlighted animal tracks. When you have spotted a set of tracks while in Hunter Sense, hold the reticle over it to see info about the track. The longer you hold over the track, the more info you will see. Increase your Hunter IQ to see better info for tracks.

## **Adrenaline & Shooting**

This shooting ability lets you slow the animals down to get a better shot. Adrenaline also highlights each animal's vital areas. These are where you want to place your shot for the most damage. Fill up the Adrenaline Meter by hunting legal game animals.

## **Stealth**

To increase your stealth, you'll need to crouch. Press the CIRCLE button to crouch and stand. Move slowly towards an animal to decrease the chance of being spotted.

# Cabela's LEGENDARY ADVENTURES

## THE HUNTING SCREEN

For a successful hunt, keep your eye on these vital displays.

**Reticle:** Use these crosshairs to aim.

**Hunter IQ:** This gold bar will flash when you have added points to your Hunter IQ. The number increases when you have reached a new level.

**Ammo Count:** This number displays how much ammo you have before you run out.

**Adrenaline Meter:** This tells you how much Adrenaline you have built up. Must be 75% full to use.

**Firearm Quick Select:** Shows what firearm you have equipped.

**Gear Quick Select:** Shows what gear item you have equipped.

## Map

Your map has lots of vital info to help you in your hunt: Where you are located in the region; your hunting objectives; the tracks you've found; and more. Check it often!
