STASH
GAMES

**WARNING: READ BEFORE USING YOUR PLAYSTATION®2
COMPUTER ENTERTAINMENT SYSTEM.**

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation 2 console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game — dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions — IMMEDIATELY discontinue use and consult your physician before resuming play.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation 2 console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

USE OF UNAUTHORIZED PRODUCT:

The use of software or peripherals not authorized by Sony Computer Entertainment America may damage your console and/or invalidate your warranty. Only official or licensed peripherals should be used in the controller ports or memory card slots.

HANDLING YOUR PLAYSTATION 2 FORMAT DISC:

- This disc is intended for use only with PlayStation 2 consoles with the NTSC U/C designation.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

WELCOME!

Congratulations on purchasing the ultimate Sudoku product! This package includes over one million Sudoku puzzles, three distinct game modes, and a host of other unique features.

Sudoku expert Carol Vorderman introduces you to the world of Sudoku; follow her movie tutorials and you, too, can become a Sudoku Master!

This manual provides a selection of Assist hints to help in your puzzle solving, and you can ask Carol for help at any time during the game. Plus, if you've ever been stumped by a Sudoku puzzle, you can enter it into the Sudoku Solver and Carol will reveal the solution for you!

GETTING STARTED

Set up your PlayStation®2 computer entertainment system according to the instructions supplied with your system. Check that the system is turned on (the on/standby indicator is green). Press the OPEN button to open the disc cover. Place the *Carol Vorderman's Sudoku* disc with the label side facing up in the disc holder, and then close the disc cover. Attach game controllers and other peripherals as appropriate. Follow the on-screen instructions and refer to this manual for information on using the software.

MEMORY CARD (8MB)(for PlayStation®2)

To save game settings and progress, insert a memory card (8MB)(for PlayStation®2) into MEMORY CARD slot 1 before powering on the system. At least 43KB of free space on the memory card is required to save game data.

This game supports saving and loading of game data in MEMORY CARD slot 1 only. You can load saved game data from the same memory card or from any memory card containing previously saved *Carol Vorderman's Sudoku* games.

As you move higher up the belts, the puzzles increase in number and in difficulty, and the time allotted for each puzzle decreases.
- *CHALLENGE CAROL* – To beat Carol, you must overcome all of the Dan Challenges. Each Dan Challenge consists of a number of puzzles that you must successfully complete in a specified time. Start with the 1st Dan Challenge and work your way up to 4th Dan. As you move up the Dans, puzzle difficulty increases, while the times allotted decreases.
