⚠️ WARNING: PHOTSENSITIVITY/EPILEPSY/SEIZURES

READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your physician before playing. IMMEDIATELY DISCONTINUE use and consult your physician before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- dizziness
- altered vision
- eye or muscle twitches
- loss of awareness
- disorientation
- seizures
- any involuntary movement or convulsion

RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR PHYSICIAN.

Use and handling of video games to reduce the likelihood of a seizure

- Use in a well-lit area and keep as far away as possible from the television screen.
 - Avoid large screen televisions. Use the smallest television screen available.
 - Avoid prolonged use of the PlayStation®2 system. Take a 15-minute break during each hour of play.
 - Avoid playing when you are tired or need sleep.
-

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation®2 system to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

HANDLING YOUR PLAYSTATION®2 FORMAT DISC:

- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.

Use the **X** button to talk to other dogs you happen to meet. Dogs with question marks hovering over their heads are in a fix. Talk to them and help them out.

Sniff Sniff Everywhere

Press the **□** button to search for items by sniffing out various smells.

When you start sniffing, the **Find Meter** and **Search Meter** appear at the bottom of the screen. You'll normally only see the **Search Meter** when another dog has asked you to find something.

- **Search Meter:** This blue meter helps you find important items you need to move the story along.
- **Found an item?** Press the **A** button: The **Find Meter** lights up when you sniff near an item. When you're right over the item, the meter will be fully lit up and you'll hear a ping. Press the **A** button to claim your item!
- **Track and Sniff:** When the **Find Meter** is pink, you've entered **Track and Sniff** mode. Look closely – you'll see footprints where you started sniffing. Follow those footprints to track down an item.

Woofs

Dogs show their gratitude by exchanging woofs. Some dogs will give you woofs when you help them. You can trade woofs for items at stores, or use them to spend the night at an inn.

Level Up!

Your level will increase as you learn to recognize more smells. As your level increases, so will your strength.

Enemies

You can't receive letters when Mr. Postman's not around, but you can still save the game.

Your House

Sleep in your bed to recover strength. You can also store items in the big treasure chest found here. Since you can only carry a limited number of items, use the treasure chest to store anything you're not using. You can access your stored items from any treasure chest in the world.

Stay at an inn to recover strength. You'll find treasure boxes here, too.

Boris the Deliveryman

Once you've helped Boris out of a tight spot, he'll take you anywhere you've been before in exchange for a few woofs.

Sniff around in all kinds of places and you can turn up various items. The items you find can then be entered into a collector's list. Do your best to complete each collector's list – there might be something in it for you! Bring in an item that's already on your collector's list and you can exchange it for woofs.

- **Food Collector:** Darna at Le Chien Brun has a food collector's list.
- **Flower Collector:** Cherry, who lives in Pupsville, has a flower collector's list.

As you make your way through the game, you'll come across a fish collector and an insect collector, too. Keep an eye out for them!

Sled Pull

Press the  button at just the right moment to pull the sled along. You can also use the left analog stick to change direction and move around obstacles. The player who makes it to the finish line first wins.

The Right Tools for the Job

You'll need fishing tackle if you want to try your hand at fishing, and an insect cage if you want to collect insects.

Tips and Tricks

If You Don't Know What to Do Next

- **Talk to everyone you meet:** Try talking to the dogs you see in towns and elsewhere. Someone might give you just the hint you need.
- **Check out suspicious spots:** If something looks fishy, get close to check it out. Petashi might have a hint for you.
- **Review your memos:** Did someone ask you to do something for them? If you're not sure, take a look at the Memo section of your Diary in the Start menu. It'll help you remember what to do next.
- **Sniff around the map:** When you're not in the middle of a quest, select Map from the Start menu and zoom out, then press the  button to sniff around. Dogs that need your help will be marked with a question mark. Head toward each question mark to see who might be waiting there.

If You Can't Catch the Fish You Want

Different fish can be caught in different spots. If you're not catching the fish you want, try fishing somewhere else.

If You Can't Find the Insects You Want

Insects come and go depending on the location and the time of day. If you can't find the insect you want, try looking for it in a different place or at a different time.

If the Enemies Are Too Tough

When an enemy is moving in circles, wait until it turns to the side and approach it. When it faces downward, press the  button. Wandering enemies are best approached when they're sleeping – bark at them then. Sneak past bats in caves while they're asleep.

If You Can't Win a Footrace

Go for as many points as you can in the shortest distance possible as you run for the finish line. Try shortening your route by running between trees and looking for cliffs you can jump from.

If You Can't Find Materials for New Items

You can get items such as glass beads and pretty rocks as prizes for winning the Soccer, Footrace, and Sled Pull mini-games. Other items can be found by sniffing around town or in various houses. Don't give up!
