# WARNING

## **WARNING: READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.**

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation®2 console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game – dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions – IMMEDIATELY discontinue use and consult your physician before resuming play.

## **WARNING TO OWNERS OF PROJECTION TELEVISIONS:**

Do not connect your PlayStation®2 console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

## **USE OF UNAUTHORIZED PRODUCT:**

The use of software or peripherals not authorized by Sony Computer Entertainment America may damage your console and/or invalidate your warranty. Only official or licensed peripherals should be used in the controller ports or memory card slots.

## **HANDLING YOUR PLAYSTATION®2 FORMAT DISC:**

- This disc is intended for use only with PlayStation®2 consoles with the NTSC U/C designation.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

# GETTING STARTED

Set up your PlayStation®2 computer entertainment system according to the instructions supplied with your system. Check that the system is turned on (the on/standby indicator is green). Press the OPEN button to open the disc cover. Place the LUCINDA GREEN'S EQUESTRIAN CHALLENGE DISC with the label side facing up in the disc holder, and then close the disc cover. Attach game controllers and other peripherals as appropriate. Follow the on-screen instructions and refer to this manual for information on using the software.

## **Memory Card (8MB)(for Playstation®2)**

To save game settings and progress, insert a memory card (8MB)(for Playstation®2) into MEMORY CARD slot 1 of your Playstation®2 system. You can load saved game from the same memory card or any memory card (8MB)(for Playstation®2) containing previously saved games.

## INTRODUCTION - LUCINDA GREEN

Hello and welcome to Equestrian Challenge.

Your goal is to work your way through two-star and three-star competitions until you're ready to take on the world's top eventing riders at the four-star level.

I'll be here to guide you through your training and events and make sure you reach your full potential.

# MAIN MENU

The main menu allows you to start a new Equestrian Challenge game, to continue an existing game, or to adjust the game options.

## CREATING YOUR RIDER

When you choose to start a new game, the first thing you must do is create your rider.

You can adjust the following areas:

**GENDER:** Male, Female

**NATIONALITY:** Australia, Canada, USA, New Zealand, England, Croatia, Japan, Netherlands, Sweden, Russia, Denmark, Belgium, Italy, France, Germany, Spain, Portugal

**APPEARANCE:** Choose from a variety of faces

**HAIR COLOR:** Choose Light, Normal or Dark hair for your rider

**SKIN COLOR:** Choose Light, Normal or Dark skin for your rider

**EYE COLOR:** Choose from a variety of eye colors

**NAME:** Enter a name for your rider

## DIFFICULTY LEVEL

Once you've created your rider, you can also adjust the difficulty level for the game: Easy, Normal, Hard.

	EASY	NORMAL	HARD
JUMPING	Automatic	Manual (with slow-motion)	Manual
DEVELOPMENT POINTS	Low	Medium	High
DRESSAGE TIMING	Easy	Normal	Hard

If you're finding the game too hard, you can always adjust the difficulty level from the Game Options screen in the Office.

## FARM HUB

The Farm Hub is the center of your eventing world. The farm contains everything you'll need to become a top level eventing rider:

**Paddock:** The Paddock is where your horse lives.

**TRAINING:** The Training areas are where you can show Lucinda that you're ready for events.

**STABLES:** The Stables are where you can create new horses, select a different top horse for events, and retire horses.

**TACK ROOM:** The Tack Room is where you change your horse's saddles and bridles, and your outfits for each event.

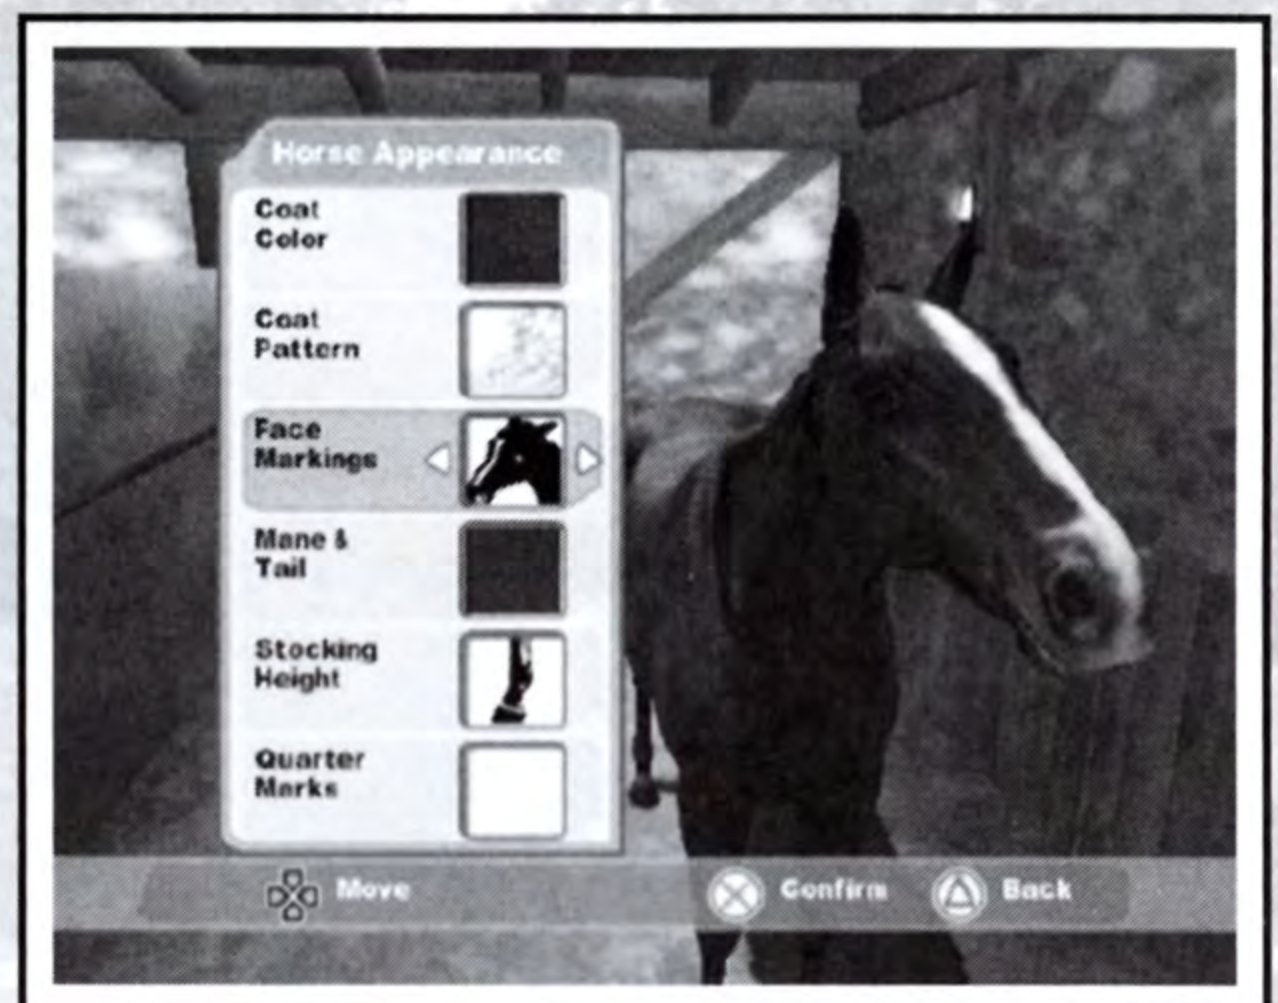

**OFFICE:** The Office is where you can check your progress through the game and change the game options.

**FRONT GATE:** The Front Gate takes you out to competitive events around the world: Adelaide, Badminton, Burghley, and Kentucky.

**RIDE WITH FRIENDS:** This option allows you to set up a multi-player game with up to four players.

## CREATING YOUR HORSE

When you arrive at the farm, you need to create a horse. You can adjust the following areas:

### HORSE PHYSIQUE

**BREED:** Thoroughbred, Warmblood/Thoroughbred, Irish Sportshorse

**GENDER:** Stallion, Gelding, Mare

**SIZE:** Adjust the size of your horse

### HORSE APPEARANCE

**COAT COLOR:** Choose from a variety of coats

**COAT PATTERN:** Choose a pattern

**FACE MARKINGS:** Choose from a variety of blazes

**MANE & TAIL:** Adjust your horse's mane and tail color

**STOCKING HEIGHT:** Choose from a variety of stockings

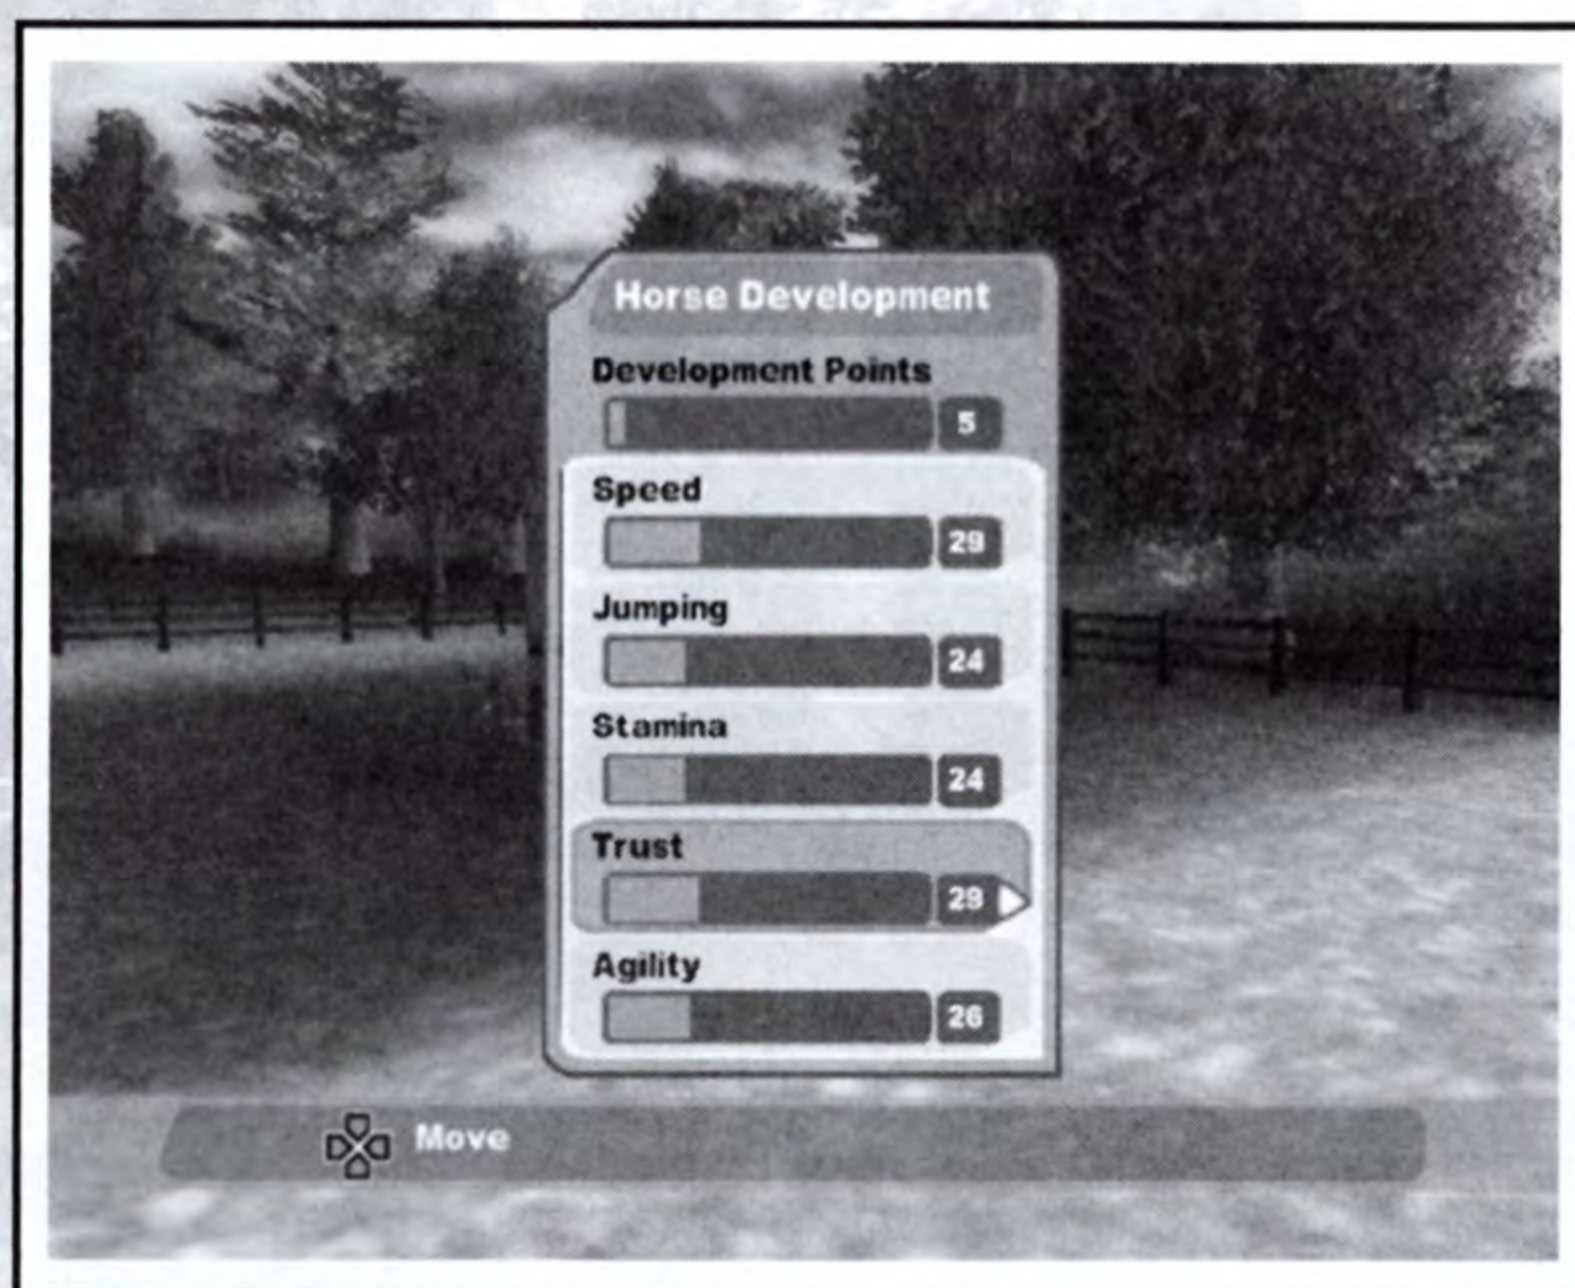

**NAME:** Enter a name for your horse

# HORSE DEVELOPMENT

As you play through Equestrian Challenge, you'll need to develop your horse so that it's competitive at the higher star levels.

Each horse has a number of attributes: Speed, Jumping, Stamina, Trust, and Agility. After each training or competitive event you are awarded Development Points that you can use to increase your horse's abilities.

**SPEED:** Speed governs how fast your horse can gallop. This is important for Cross Country, where you want to complete the course as quickly as possible.

**JUMPING:** Jumping is your horse's jumping ability. A low Jumping score means that your horse will be more likely to knock down a pole in Show Jumping.

**STAMINA:** Stamina is the duration that your horse can run at full speed. Good stamina is important for Cross Country, where your horse must gallop for most of the course.

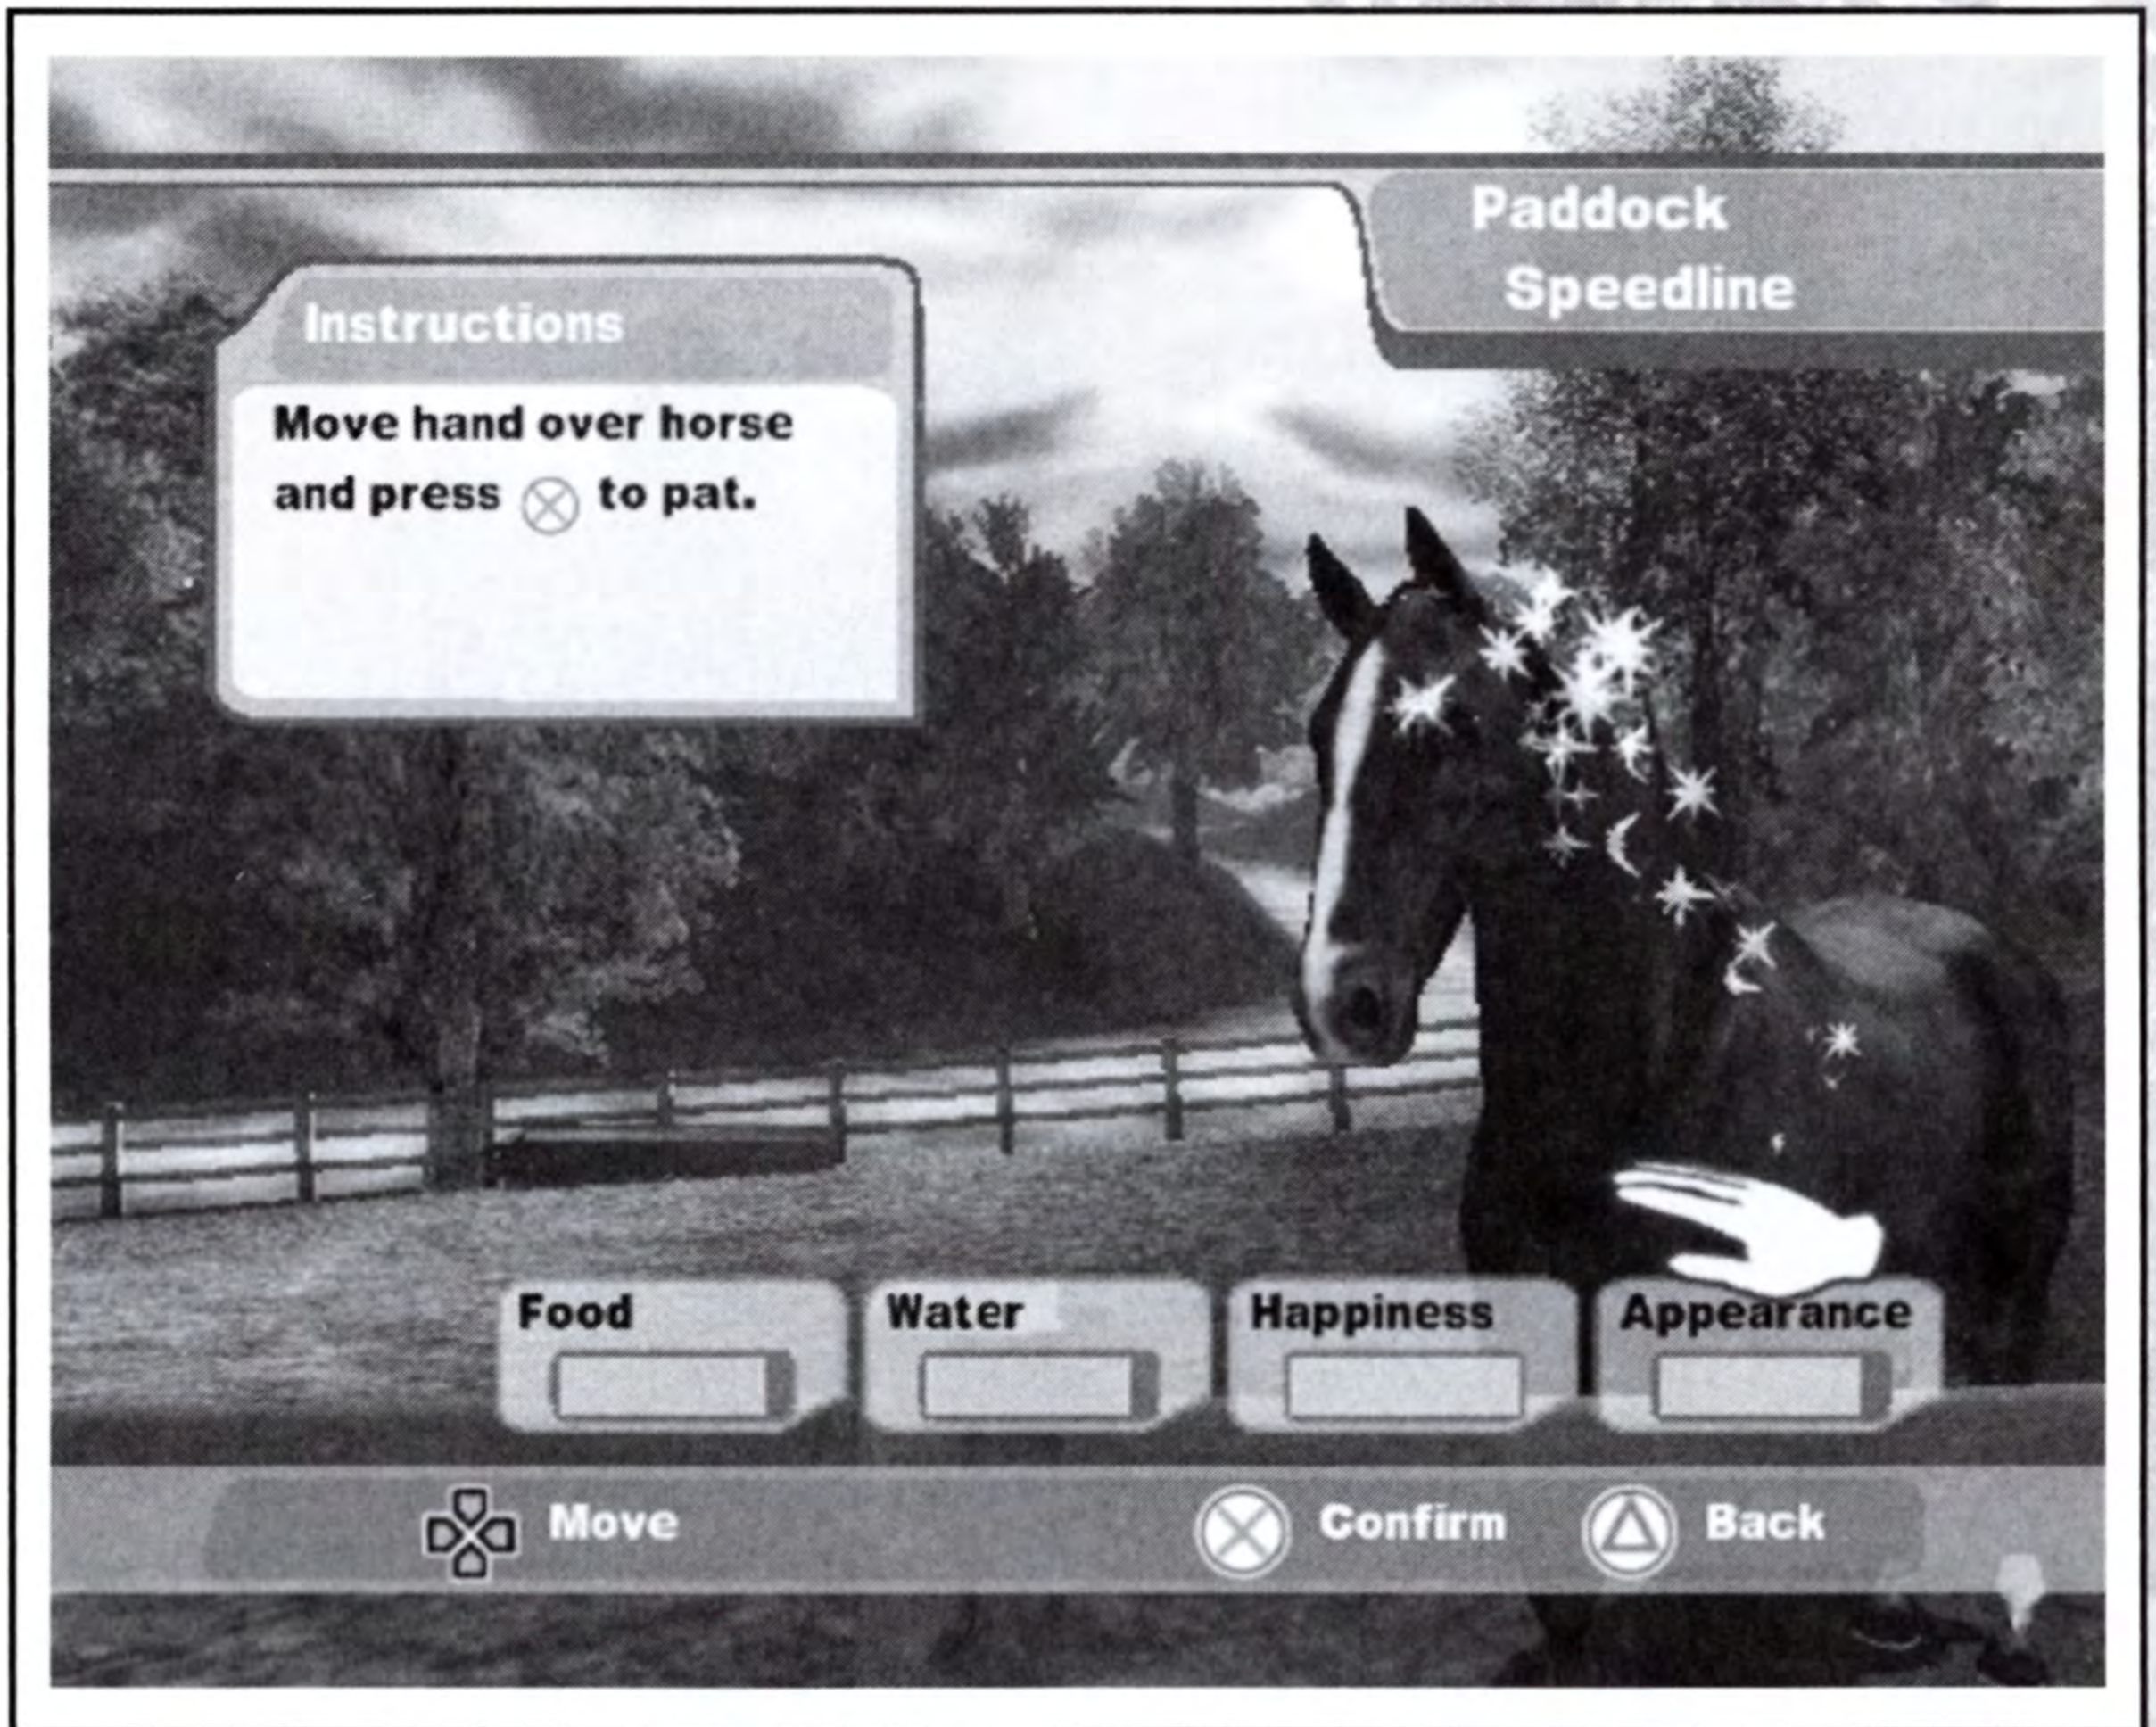

**TRUST:** Trust is how often your horse will gallop and jump for you. For example, if your horse has good trust, then you can ask more of it, but this will tire it out more quickly.

**AGILITY:** Agility is how quickly and accurately your horse can move. Agility is important for Dressage, where the timing and precision of your horse's movement are being judged.

# Paddock

The Paddock is where your horse lives. You need to spend time with your horse here to make sure that it's fed, watered, and cared for – otherwise it won't perform at its full potential.

There are a number of ways that you can interact with your horse here in the paddock:

**HAND:** Patting your horse improves its Happiness.

**HAY BALE:** Food for your horse.

**WATER TROUGH:** Water for your horse.

**BRUSH:** Brush your horse to improve its Appearance.

**CARROTS:** Energy packed Food for your horse.

**WASH:** Wash your horse to improve its Appearance.

**APPLES:** Apples add to both Food and Water.

**SUGAR CUBES:** Sugar cubes are good rewards to keep your horse Happy.

**FLY SPRAY:** Keep the flies away to keep your horse Happy.

## **FOOD AND WATER**

Food and Water are essential to your horse's fitness. Low Food and Water levels will hamper your horse's Speed and Stamina in events.

## **HAPPINESS**

Your horse's Happiness depends on how well you treat it. A simple pat on the nose will do wonders for your relationship. If your horse's Happiness is low, it won't ride as hard for you in Cross Country events.

## **APPEARANCE**

Every time you ride your horse it accumulates dirt and dust, so you need to brush or wash it to make sure its Appearance is as good as possible. Both Washing and Brushing have the same effect, but Washing the horse is much quicker. Dressage judges will be looking closely at your horse's Appearance, and will score you accordingly.

## **SCREENSAVER**

You can leave the game on the Paddock screen if you just want to watch your horse. Press the **X** button to return to the game.

## TRAINING

There are three Training areas at the farm; Show Jumping, Dressage, and Cross Country. Each of these is available at two-star, three-star and four-star level. The training events will teach you the basics for each type of event to prepare you for competitive events.

You need to complete your Show Jumping, Dressage, and Cross Country training for each of the star levels before Lucinda will let you enter the corresponding competitive events.

You can see your best score for each of the training tests in the Office.

## STABLES

The Stables give you access to your horses, allowing you to:

**CREATE HORSE:** Create a new horse to use in the game. You'll need an empty Stall to do this, or you'll have to replace an existing horse. Horse creation is detailed on page 6.

**SELECT HORSE:** Choose which horse to use in events and in the paddock.

**RETIRE HORSE:** Remove an existing horse from a stall. New stalls are unlocked during the game as you progress through the star levels.

## TACK ROOM

The Tack Room is where you adjust aspects of your rider and horse's equipment. Through the game new outfits and equipment will be unlocked. You can adjust the following areas:

**SADDLES:** Change your horse's saddles for Show Jumping, Dressage, and Cross Country.

**TACK:** Change your horse's bridle and bit for Show Jumping, Dressage, and Cross Country.

**OUTFIT: SHOW JUMPING:** Change your rider's outfit for Show Jumping.

**OUTFIT: DRESSAGE:** Change your rider's outfit for Dressage.

**OUTFIT: CROSS COUNTRY:** Change your rider's outfit for Cross Country.

New outfits, saddles, and bridles and bits are unlocked for good performance in competitive events.

## OFFICE

The Office gives you access to three areas:

**BEST SCORES:** View your best scores for competitive and training events in the game.

**AWARDS:** View your awards for each of the competitive events.

**OPTIONS:** Adjust your Graphics, Sound, and Game options. You can also adjust your difficulty level here after you've started a game.

## FRONT GATE

The Front Gate takes you out of the farm to the Event Hub (see page 15) for each of the competitive events at Adelaide, Burghley, Badminton, and Kentucky. Each of these events is available at two-star, three-star, and four-star levels.

The next level of training is unlocked once you've placed in the top three (overall) at each of the competitive events.

## RIDE WITH FRIENDS

Ride With Friends allows you to set up multiplayer events for two, three, or four players. Additional players must first create their own horses. You can adjust the following options of the events:

**EVENT TYPE:** Choose from Show Jumping, Dressage, or Cross Country for a single event; or Three Day to play all three events.

**EVENT LOCATION:** Choose from Kentucky, Burghley, Badminton, Adelaide, or Training

**STAR RATING:** Choose the difficulty level from Two Star, Three Star, Four Star

# SHOW JUMPING

Show Jumping events are held in enclosed grass or dirt arenas. These events are your opportunity to show your horse's jumping prowess over a number of jumps. Your goal is to complete the course as quickly as possible, without knocking too many poles off the jumps. Your score is determined by your time for the course plus any penalties for knocking off poles.

## ON-SCREEN DISPLAYS

**PROGRESS PANEL:** The Progress Panel (top left) shows a diagram of your progress through the course, the number of faults (knocked poles and refusals) that you've accumulated, your current time and the best time for the course.

**NEXT JUMP PANEL:** The Next Jump panel (bottom left) has an arrow that shows the direction you must ride to the next jump, a diagram showing the layout of the jumps (if there are multiple jumps in the jumping effort), the number of the next jump and the total number of jumps in the course.

**ACTION PANEL:** The Action Panel (bottom right) shows the actions you can perform in Show Jumping.

## PLAYER CONTROLS – SHOW JUMPING

- X Speed Up
- Slow Down / Reverse
- Jump (Normal / Hard difficulty only)
- R1 Look to Jump

# DRESSAGE

Dressage events are held in enclosed grass or dirt arenas. In Dressage your goal is not speed, but precision and presentation. Each Dressage test is made up of a number of individual movements, such as collected trot, shoulder-in left, or serpentine. As you move from two-star to four-star, the difficulty of the movements increases. Your score in dressage is determined by your time for the course, penalties for incorrect movements and mistakes, and also a component that considers the presentation of you and your horse.

## ON-SCREEN DISPLAYS

**PROGRESS PANEL:** The Progress Panel (top left) shows a diagram of your progress through the course and the number of faults (missed / incorrect buttons) that you've accumulated.

**CURRENT BAR:** The Current Bar (bottom) shows the buttons that you need to press to correctly perform the current gait. Press the buttons as the timing indicator (the yellow circle) passes over them. The buttons change color depending on your timing: green for correct, orange for early, red for missed.

**NEXT BAR:** The Next Bar (bottom right) shows the next set of buttons that you need to press, either for the continuation of the current gait, or for the next gait.

**PREVIOUS BAR:** The Previous Bar (bottom left) shows how well you did in the last bar: Excellent, good, poor, or terrible.

## PLAYER CONTROLS – DRESSAGE

- × Dressage Movements
- Dressage Movements
- Dressage Movements
- △ Dressage Movements

# CROSS COUNTRY

Cross Country events are held on outdoor courses that incorporate multiple jumping efforts, each of which can be a single jump or a series of jumps. Cross Country events are endurance events, where your horse's stamina and speed are tested. Your score in Cross Country is determined by your time for the course plus penalties for refusals at jumps.

## ON-SCREEN DISPLAYS

**PROGRESS PANEL:** The Progress Panel (top left) shows a diagram of your progress through the course, the number of faults (knocked poles and refusals) that you've accumulated, your current time and the best time for the course.

**NEXT JUMP PANEL:** The Next Jump Panel (bottom left) has an arrow that shows the direction you must ride to the next jump, a diagram showing the layout of the jumps (if there are multiple jumps in the jumping effort), the number of the next jump and the total number of jumps in the course.

**HORSE PANEL:** The Horse Panel (top right) shows your horse's Trust (hearts) and its Stamina (the curved bar and the horse icon). Each time you gallop or your horse refuses at a jump, your horse's Trust is depleted. You can recover Trust by successfully completing jumps through the course.

**ACTION PANEL:** The Action Panel (bottom right) shows the actions you can perform in Show Jumping.

## PLAYER CONTROLS- CROSS COUNTRY

- × Speed Up
- Slow Down / Reverse
- Jump (Normal / Hard difficulty only)
- △ Gallop
- [R1] Look to Jump

# COMPETITIVE EVENTS

## EVENT HUB

When you take part in a competitive event, you leave the Farm Hub and enter the Event Hub.

**TACK ROOM:** While at the event, you can change your outfits and the saddlery and tack on your horse.

**NEXT EVENT:** The competition events are tackled sequentially (Dressage, Cross Country, and finally Show Jumping) so this option begins the next event.

**EVENT STANDINGS:** You can check your position in the Standings between events.

**ABANDON EVENT:** You can quit the event at any time, but you'll forfeit any medals, ribbons, or trophies that you've won so far.

## SCORING

All competition scores in Equestrian Challenge are based on penalties. The fewer penalties you accumulate during the event, the better your overall score.

**TIME:** Every second of the event counts towards your total score. So it's important in Cross Country and Show Jumping to complete the course as quickly as possible.

**PENALTIES – SHOW JUMPING:** Penalties are given in Show Jumping for refusals (when the horse shies from a jump) and for knocking the poles off the jumps.

**PENALTIES – DRESSAGE:** Penalties are given in Dressage for each incorrect button press during the test.

**PENALTIES – CROSS COUNTRY:** Penalties are given in Cross Country for refusals (when the horse shies from a jump).

**PRESENTATION:** Presentation is only scored in Dressage, and it's based on your horse's appearance, agility, and your equipment and clothing.

## CUSTOMER SUPPORT

Red Mile Entertainment, Inc.  
Attention: Customer Support  
4000 Bridgeway, Suite 101  
Sausalito, California 94965

Email: [support@redmileentertainment.com](mailto:support@redmileentertainment.com)

Web: <http://www.redmileentertainment.com>

Before returning any defective materials, please contact us by 1) mail or 2) by e-mail for a Return Merchandise Authorization (RMA) number at the address above. Please be prepared to provide a copy of the original purchase receipt, the original product (media only), and a brief description of the difficulty you are experiencing including your name, address (no PO Box), and phone number.

Any materials sent to us without an RMA number will be refused and returned. Please use a traceable and/or insured method of shipping the materials to us.

## LIMITED WARRANTY

Red Mile Entertainment, Inc. warrants to the original purchaser that this game disc shall be free from defects in material and workmanship for a period of ninety (90) days from the date of purchase. If a defect covered by this limited warranty occurs during this 90 day limited warranty period, Red Mile Entertainment, Inc., at its discretion, will repair or replace the defective game disc or component part free of charge.

This limited warranty is not applicable if the defects have been caused by negligence, accident, modification, tampering, or any other cause not related to defective materials or workmanship.

## LIMITATIONS ON WARRANTY

Any applicable implied warranties of merchantability and fitness for particular purpose are hereby limited to ninety (90) days from the date of purchase and are subject to the conditions set forth herein. In no event shall Red Mile Entertainment, Inc. be liable for consequential or incidental damages resulting from the possession or use of this product.

The provisions of this limited warranty are valid in the United States only. Some states do not allow limitations on the length of the implied warranty or exclusion of consequential or incidental damages, so the above limitations or exclusions may not apply to you. This limited warranty provides you with specific legal rights. You may have other rights which vary from state to state.
