## **WARNING: READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.**

A very small percentage of individuals may experience epileptic seizures when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or while playing video games, including games played on the PlayStation 2 console, may induce an epileptic seizure in these individuals. Certain conditions may induce previously undetected epileptic symptoms even in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition, consult your physician prior to playing. If you experience any of the following symptoms while playing a video game – dizziness, altered vision, eye or muscle twitches, loss of awareness, disorientation, any involuntary movement, or convulsions – IMMEDIATELY discontinue use and consult your physician before resuming play.

## **WARNING TO OWNERS OF PROJECTION TELEVISIONS:**

Do not connect your PlayStation 2 console to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

## **USE OF UNAUTHORIZED PRODUCT:**

The use of software or peripherals not authorized by Sony Computer Entertainment America may damage your console and/or invalidate your warranty. Only official or licensed peripherals should be used in the controller ports or memory card slots.

## **HANDLING YOUR PLAYSTATION 2 FORMAT DISC:**

- This disc is intended for use only with PlayStation 2 consoles with the NTSC U/C designation.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

## STARTING THE GAME

Set up your PlayStation®2 computer entertainment system according to the instructions in the Instruction Manual. Make sure the MAIN POWER switch (located on the back of the console) is turned on. Press the RESET button. When the power indicator lights up, press the open button and the disc tray will open.

Place the Splashdown disc on the disc tray with the label side facing up. Press the open button again and the disc tray will close. Attach the game controllers and other peripherals, as appropriate. Follow on-screen instructions and refer to this manual for information on using the software.

### Load and Save Data

To access the Save/Load data screens:

1. Select OPTIONS on the Main Menu and press the **X** button.
2. Then select GAME OPTIONS and press the **X** button.
3. To load data, highlight the LOAD option and press the **X** button.
4. To save data, highlight the SAVE option and press the **X** button.

## CONTROLS

Use these controls to get familiar with the basic moves.

Use these controls to get familiar with the basic moves.

### BASIC DRIVING AND TURNING

To accelerate, press and hold the **X** button. Release it when you want to slow down.

Moving the left analog stick **LEFT** or **RIGHT** controls the watercraft's steering. This also causes the rider to lean during a turn – the more your rider leans, the sharper the turn. Moving the left analog stick **UP** or **DOWN** shifts the rider's position on the watercraft, changing the center of gravity. The further the control stick is moved, the more the rider shifts.

When turning, try moving the left analog stick **UP** – the rider will lean forward and dip the craft's nose into the water a bit, allowing you to make a tighter turn.

**NOTE: The ability to steer your watercraft is severely limited when you're not using the throttle.**

### SUBMARINE

Moving the left analog stick **UP** causes the rider to lean forward, forcing the nose of the craft into the water. Try this while accelerating to perform a submarine – then

release the left analog stick to come back up. While submerged, move the left analog stick **DOWN**, and you'll come back up for some big air!

### HYDROPLANE

Moving the left analog stick **DOWN** causes the rider to shift his or her weight to the back of the craft, raising the nose of the watercraft out of the water. This reduces drag because less of the hull is submerged, and the craft will hydroplane. Try this at top speed for an additional 10-20 MPH/KmH.

**NOTE: Steering control is greatly diminished when hydroplaning.**

### PITCH CONTROL

While airborne, use **UP/DOWN** on the left analog stick to control the pitch of your watercraft. This is helpful for controlling landings.

### INVERT

Perform a submarine – once you're under the water, move the left analog stick **DOWN** to come out of the water quickly. Continue holding **DOWN** while you're airborne, and your watercraft will perform a full 360 degree backflip.

## STUNTS AND THE PERFORMANCE METER

Splashdown isn't just about racing. It's also about stunts, and you'll need to be a pretty wild rider in this game if you want to win.

The Performance Meter monitors your watercraft's performance, from base to peak performance. It is the main link between stunts and racing.

### Here's how it works:

- ⌚ When you get airborne, you can pull off a stunt.
- ⌚ Executing stunts during a race fills up the right meter. The more complex the stunt, the more the Performance Meter will fill. Each racer can perform over 20 stunts, including one exclusive "signature stunt." Again, you can only perform stunts while airborne.
- ⌚ Repeated stunts only receive a percentage of their original value.
- ⌚ The performance meter only improves top speed and acceleration. It will not affect control or stability.
- ⌚ The meter drains over time, so continue to do stunts during the race to keep the meter maximized and your watercraft at peak performance.
- ⌚ The meter has an Overflow Zone. Fill this area by doing a few extra stunts once the main meter is already filled up – you'll be able to race at peak performance for a bit longer.
- ⌚ The Performance Meter will drop to if you wipe out, crash or get reset from off-track.

# SPLASHDOWN

## Slalom Buoys

You must pass Slalom Buoys on the designated side. Pass on the side where the flag is pointing. If you do, you will gain a little on the performance meter. If you skip a slalom buoy or pass it on the wrong side, the Performance Meter takes a hit.

If the Performance Meter is empty, your watercraft will stall for a moment.

## Holding stunts

Certain stunts can be executed and held - 'points' continue to rack up on the Performance Meter. If you hold the stunt for too long and don't release it before you hit the water, you will wreck.

## Stunt Controls

- ➊ All stunts begin with a button hold: L2, R1 or R2 buttons. Hold one or more of the buttons, and then move the left analog stick in the required direction.
- ➋ Once the correct combination has been entered, the stunt will begin.
- ➌ The buttons act as modifiers, so that the movement of the left analog stick does not affect the watercraft when a stunt button is being held.
- ➍ A stunt will play through to a 'hold' position until the button or buttons are released.
- ➎ Once a stunt has been started, you will regain the ability to adjust the pitch of your watercraft.

**SAFETY ALERT:** The watercraft racing experience in this video game is intended to be fanciful; do not try these moves in real life. Be a responsible rider. Riding a personal watercraft is an exercise in responsibility to yourself, to others and to the environment.

A watercraft is not a toy and can be hazardous to operate. For your safety, wear a helmet, eye protection, a personal flotation device and a wetsuit.

Never engage in stunt riding. Avoid excessive speeds, and be particularly careful on choppy waters. And keep in mind that riding does not mix with drugs and alcohol.

The personal watercraft in this video game may differ from the actual PWC in shape, color and performance.

## CAREER MODE

### To Start Playing

1. Choose Career (press the **X** button to select).
2. Select the difficulty level.
3. Select the character of your choice among the ones available, then press the **X** button.

### Enter Team Name and Color

You'll be racing as part of a team, although you'll only start with one character. Enter your team's name and then pick one of the five colors. This will be your team color for the remainder of the Career.

### Select Difficulty

Next, you'll set your difficulty level. There are three difficulty levels available: Easy, Normal and Hard.

Course layouts differ between (Easy/Normal) and Hard, as do the number of races in a Career.

Easy: 10 races

(+2 Challenge Rounds)

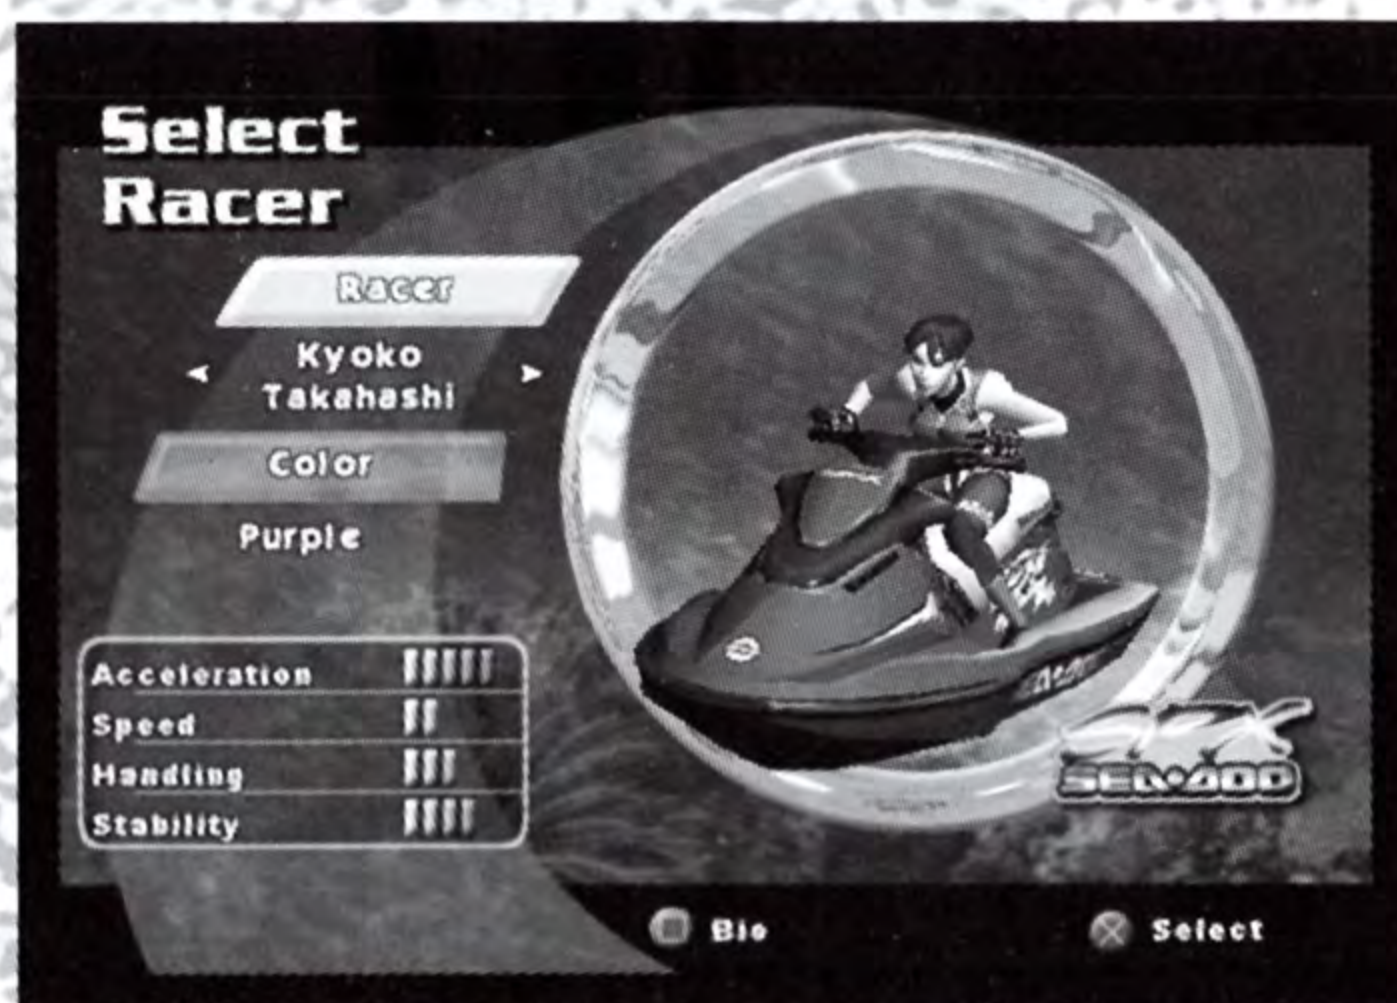

Normal/Hard: 16 races

(+4 Challenge Rounds)

Once a difficulty level has been selected and Career Mode has begun, this setting may not be changed. A new game must be started if a change is desired.

### Select Character

After a difficulty level has been chosen, the Select Racer screen comes up. Use the Left and Right directional buttons to display a character, his/her watercraft and biography. Confirm your choice with the **X** button.

## The Career Structure

Before each race, you may run a 3-lap qualifying round or choose to forego the qualifying round and accept a 5th place pole position. Beat one of the top five times for that location to qualify. Your time in the qualifying round determines your starting position in the race. Races will be 3 laps.

You must maintain a cumulative average of second place or better in order to proceed to the next location in the Career.

## Challenge Rounds

After every three or four races, you can race an optional Challenge Round, where you compete against one of the characters of your choice. This one-on-one challenge will take place in the indoor circuits of Seoul or Madrid.

If you win the race after 3 laps, your opponent will join your team and you will be able to race with him or her in upcoming races during the season. These challenges are not disqualifying courses.

## Your Racing Team

Winning is a team effort. Every time you beat a character in a Challenge Round, he or she joins your team. You can then switch and use him/her for any of your upcoming races. Try different racers for each new race you encounter – you may find that one racer's specific talents or assets are more useful for that course. It's up to you to decide...  
By the end of the Career Mode, you can have a maximum of 5 characters on your team to race with.

## Unlocking

- ➊ Only Andy, Haily, Kyoko and Rafael will be open at the start of the game. As you progress through the Career Mode, you can unlock more characters and tracks – only some of the courses are unlocked from the beginning.
- ➋ To unlock a course, you must progress through a Career and reach it during the progression. A course does not need to be successfully completed in order to be unlocked.
- ➌ If you unlock a course in an Easy or Normal career, only the Easy/Normal version of that course will be available for play in the Arcade or Vs modes. If you unlock the same course in a Hard career, you will be able to play both the Easy/Normal and Hard versions of that course in Arcade and Vs.
- ➍ To unlock a racer, beat him or her in a Challenge Round during Career Mode. Once unlocked in the Career Mode, a character will become available in Arcade and Vs. Modes.

## Wetsuits

To unlock the different colored wetsuits you'll see in the Career Mode, try exploring the courses in other game modes, such as Free Ride. You'll come across colored icons for each character, representing the different wetsuits you can collect. As you pick these up, you'll be able to choose between the available wetsuits in the Arcade and Vs. modes.

## ARCADE MODE

### To Start Playing

1. Choose Arcade Mode from the Main Menu (press the **X** button to select).
2. Select the racer of your choice from among the ones available, choose an available wetsuit, and then confirm your choices with the **X** button.
3. Select an event, course, difficulty level and set the number of laps (if applicable). Confirm your choices with the **X** button.

### Select Racer

Press the LEFT or RIGHT directional buttons to scroll through each available racer. Press the UP directional button to move to the Wetsuit button, then scroll through the available wetsuits for that character with the LEFT and RIGHT directional buttons. Confirm your choices with the **X** button.

### Select Event, Course, Difficulty and Laps

Press the LEFT or RIGHT directional buttons to scroll through each available Event. There are four Events shown here: Circuit, Time Trial, Countdown and Free Ride.

Press the DOWN directional button to move from Event to Course. Press the LEFT or RIGHT directional buttons to scroll through the available courses.

Press the DOWN directional button to move from Course to Difficulty. Then press the LEFT or RIGHT directional button to choose a difficulty level: Easy, Normal or Hard.

Press the DOWN directional button to move to Laps. Press the LEFT or RIGHT directional button to set the number of laps (where applicable).

### Events

#### Circuit

- ⌚ Race from start to finish with the fastest time to win.
- ⌚ Correctly navigate the slalom buoys and pull off stunts in order to get the best performance out of your watercraft.

#### Time Trials

- ⌚ Select the character and course of your choice.
- ⌚ Race against the clock to set a new record.
- ⌚ You can create your own best time, or race against the preset best time for that course.

#### Countdown

- ⌚ You start with a fixed number of seconds on the clock.
- ⌚ Collect balloons to add time to the clock as it counts down to zero. Balloons are worth varying amounts, depending on the difficulty of acquiring them.
- ⌚ Balloons may be acquired in any order. If all balloons are collected, they will reset to one half of their normal time values..
- ⌚ When the timer reaches zero, the event is over. Try to set a new record for total time!

#### Free Ride

- ⌚ Practice racing the course or roam the world and explore.
- ⌚ No time limit or automatic off-track reset.
- ⌚ Opponents are present (racing around course as usual)
- ⌚ To exit Free Ride, select Quit Race via the Pause Menu.

# SPLASHDOWN

## VS. MODE

Much of the play in Vs. Mode is like the Arcade gaming experience, except for the replacement of Time Trials with the Copycat stunt game. And obviously, you will be playing against a human opponent rather than the CPU.

### To Start Playing

1. Choose Vs. Mode from the Main Menu (press the **X** button to select).
2. Player 1 scrolls through the available racers and wetsuits and makes a selection for each (press the **X** button to confirm your choices).
3. Player 2 scrolls through the available racers and wetsuits and makes a selection for each (press the **X** button to confirm your choices).
4. Player 1 does all the selection and confirmation of Event, Course, Difficulty and Laps (press the **X** button to confirm your choice).

### Copycat

- ⌚ Select a character and course.
- ⌚ The leader must successfully perform a stunt before the countdown timer expires. If the leader does not perform a stunt before the timer expires, the opposing player becomes the leader.
- ⌚ After the leader performs a stunt, the opponent must repeat the same stunt. If the opponent cannot perform the stunt within the time allowed, the opponent gets a letter.
- ⌚ If one player pulls off a signature stunt, the opponent must perform his/her character's signature stunt as well.
- ⌚ The first player to spell SPLASH loses.
- ⌚ Once a round has been completed, the opposing player becomes the leader, regardless of whether or not the previous stunt was successfully completed.

Get up-to-the-minute technical information at the Infogrames, Inc. web-site, at: <http://www.us.infogrames.com>, twenty-four hours a day, seven days a week. Through this site you'll have access to our FAQ documents (Frequently Asked Questions), which contain our latest troubleshooting information. You'll have access to a Message Board and links to our E-Mail area where you can leave us your tech support problems and questions if you do not find your answers within the FAQ.

### **Help Via Telephone/Fax Or Mail In The United States & Canada**

For phone assistance, call Infogrames, Inc. Support at 425-951-7106. We have an Interactive Voice Response and Faxback system that is available twenty-four hours a day, seven days a week. If you should need live support, we are available Monday through Friday, 8:00 AM until 6:00 PM (PST). Please note that live Tech Support may be closed on major holidays. We ask that you do the following when calling: be at your system; have your system information ready for our technicians. It will expedite your handling significantly. You may also fax in your Technical Support questions or problems to: (425) 806-0480, or write in to the address below. INFOGRAMES HINT LINE - 1-900-454-HINT: \$.99/minute. If you're under 18, get a parent's permission before calling.

### **Product Return Procedures In The United States & Canada**

In the event our technicians at 425-951-7106 determine that you will need to forward materials directly to us, please include a brief letter explaining what is enclosed and why. Make sure you include the Return Merchandise Authorization Number (RMA#) supplied to you by the technician and your telephone number in case we need to call you. Any materials not containing this RMA# will be returned to you unprocessed. Your mail should be sent to the following address:

Infogrames, Inc.  
13110 NE 177th Place  
Suite # B101, Box180  
Woodinville, WA 98072-9965  
Attn: Technical Support  
RMA#: (include your RMA# here)

### **Warranty Policy In The United States & Canada**

If our technicians determine that the product storage medium is found to be defective within ninety (90) days of original purchase, (unless otherwise provided by applicable law), Infogrames, Inc. will replace the item free of charge, to the original purchaser, if the item is accompanied by the original dated receipt and packaging. If you do not have the original receipt, or if the warranty period has expired, Infogrames Entertainment S.A. will replace the product storage medium for a nominal fee.

### **Other**

Please do not make unauthorized copies. The program you've purchased was produced through the efforts of many people who earn their livelihood from its lawful use. Don't make copies for others who have not paid for the right to use it. To report copyright violations to the Software Publishers Association, call 1-800-388-PIR8 or write:

## END-USER LICENSE AGREEMENT

INFOGRAMES, INC. ("INFOGRAMES") IS WILLING TO LICENSE THE GAME CONTAINED ON THIS DISC OR CARTRIDGE AND ANY ACCOMPANYING DOCUMENTATION TO YOU ONLY ON THE CONDITION THAT YOU ACCEPT ALL OF THE TERMS IN THIS AGREEMENT. IF YOU DO NOT AGREE TO THESE TERMS, DO NOT USE THE SOFTWARE AND PROMPTLY RETURN THE DISC OR CARTRIDGE IN ITS ORIGINAL PACKAGING TO THE PLACE OF PURCHASE.

1. Grant of License. The software accompanying this license and related documentation (the "Software") is licensed to you, not sold, by Infogrames, and its use is subject to this license. Infogrames grants to you a limited, personal, non-exclusive right to use the Software in the manner described in the user documentation. If the Software is configured for loading onto a hard drive, you may load the Software only onto the hard drive of a single machine and run the Software from only that hard drive. You may permanently transfer all rights Infogrames grants to you in this license, provided you retain no copies, you transfer all of the Software (including all component parts, the media and printed materials, and any upgrades), and the recipient reads and accepts this license. Infogrames reserves all rights not expressly granted to you by this Agreement.

2. Restrictions. Infogrames or its suppliers own the title, copyright, and other intellectual property rights in the Software. The Software contains copyrighted material, trade secrets and other proprietary material. You may not delete the copyright notices or any other proprietary legends on the original copy of the Software. You may not decompile, modify, reverse engineer, disassemble or otherwise reproduce the Software. You may not copy, rent, lease, sublicense or distribute the Software. You may not electronically transmit the Software from one computer, console or other platform to another or over a network. Any attempt to transfer any of the rights, duties or obligations hereunder is void. Infogrames may, in its sole discretion, offer technical support for the Software for a period not exceeding two (2) years following the initial commercial shipment of the Software.

3. Termination. This License is effective until terminated. You may terminate this License at any time by destroying the Software. This License will terminate immediately without notice from Infogrames if you fail to comply with any provision of this license. Upon termination, you must destroy the Software.

4. Disclaimer of Warranty on Software. You are aware and agree that use of the Software and the media on which it is recorded is at your sole risk. The Software and the media are provided "AS IS." Unless otherwise provided by applicable law, Infogrames warrants to the original purchaser of this product that the Software storage medium will be free from defects of materials and workmanship for ninety (90) days from the date of purchase. This warranty is void if the defect has arisen through accident, abuse, neglect or misapplication. INFOGRAMES EXPRESSLY DISCLAIMS ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. INFOGRAMES DOES NOT WARRANT THAT THE FUNCTIONS CONTAINED IN THE SOFTWARE WILL MEET YOUR REQUIREMENTS. NO ORAL OR WRITTEN INFORMATION OR ADVICE GIVEN BY INFOGRAMES OR ANY INFOGRAMES-AUTHORIZED REPRESENTATIVE SHALL CREATE A WARRANTY OR IN ANY WAY INCREASE THE SCOPE OF THIS WARRANTY. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF IMPLIED WARRANTIES, SO THE ABOVE EXCLUSIONS MAY NOT APPLY TO YOU.

5. Limitation of Liability. UNDER NO CIRCUMSTANCES, INCLUDING NEGLIGENCE, SHALL INFOGRAMES BE LIABLE FOR ANY INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES IN CONNECTION WITH THE SOFTWARE, INCLUDING THOSE THAT RESULT FROM THE USE OF OR INABILITY TO USE THE SOFTWARE, EVEN IF INFOGRAMES HAS BEEN ADVISED OF THE POSSIBILITY OF THOSE DAMAGES. IN NO EVENT SHALL INFOGRAMES' TOTAL LIABILITY TO YOU FOR ALL DAMAGES, LOSSES AND CAUSES OF ACTION (WHETHER IN CONTRACT, TORT OR OTHERWISE) EXCEED THE AMOUNT PAID BY YOU FOR THE SOFTWARE. SOME JURISDICTIONS DO NOT ALLOW THE LIMITATION OR EXCLUSION OF LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

6. Editor and End-User Variations. If the Software includes a feature that allows you to modify the Software or to construct new variations for use with it (an "Editor"), you may not sell it or repackage it for sale. If you create modifications or enhancements to the Software using the Editor, including the construction of new levels (collectively, the "Variations"), you are subject to the following restrictions: (i) your Variations must only work with the full, registered copy of the Software; (ii) your Variations must not contain modifications to any executable file; (iii) your Variations must not contain any libelous, defamatory or other illegal material, material that is scandalous or invades the rights of privacy or publicity of any third party, or contain any trademarks, copyright-protected work or other property of third parties; (iv) by distributing or permitting the distribution of any of your Variations, you hereby grant back to Infogrames an irrevocable royalty-free right to use and distribute them by any means. The prohibitions and restrictions in this Section apply to anyone in possession of the Software or any of your Variations.

7. Miscellaneous. This license shall be governed by and construed in accordance with the laws of the State of New York, exclusive of its choice of law and/or conflicts of law jurisprudence, and controlling U.S. Federal law; and, in respect of any dispute which may arise hereunder, you consent to the jurisdiction of the federal and state courts of New York County, New York. If any provision of this license is unenforceable, the rest of it shall remain in effect. This license (including any addendum or amendment to this license which is included with the Software) constitutes the entire agreement between you and Infogrames with respect to the use of the Software and the support services (if any) and they supersede all prior or contemporaneous oral or written communications and representations with respect to the Software or any other subject matter covered by this license.
