READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your physician before playing. IMMEDIATELY DISCONTINUE use and consult your physician before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- dizziness
- altered vision
- eye or muscle twitches
- loss of awareness
- disorientation
- seizures
- any involuntary movement or convulsion

RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR PHYSICIAN.

Use and handling of video games to reduce the likelihood of a seizure

- Use in a well-lit area and keep as far away as possible from the television screen.
 - Avoid large screen televisions. Use the smallest television screen available.
 - Avoid prolonged use of the PlayStation®2 system. Take a 15-minute break during each hour of play.
 - Avoid playing when you are tired or need sleep.
-

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation®2 system to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

CHARACTERS

Bikini Bottom-ites

All undersea hi-jinx aside, these two are ready for action. SpongeBob's new Mawgu Bubble Machine and Plankton's Mawgu Mallet will prove themselves useful in battle!

Invaders

Let's face it; these guys aren't from around here. Nonetheless they are excited to test out ZIM's new Mawgu Plunger (of Doom!) and Dib's enhanced Mawgu Balloon Launcher on some unsuspecting Morphoids.

Amity Park-ers

This ghostly duo is ready to take a break from haunting each other to save the world. Danny's newfound cloning ability and Technus's Mawgu Gauntlets are just the upgrades they needed.

Retroville-agers

The Boy Genius and Girl Nefarious have set aside their history to help solve this mystery. Jimmy's mind-control Mawgu Head Band is the perfect complement to Beautiful's emotion-control Mawgu Megaphone.

Pupununu Villagers

These two have given their old Juju some new mojo. Tak's Mawgu enhanced Staff and Traloc's pouch has given their powerful Juju magic a little extra kick.

GADGET COMBOS

SINGLE PLAYER

Each of the ten playable characters is newly fitted with a Mawgu Gadget. Using a Mawgu Gadget costs energy from the Mawgu Meter under the Health Bar. These Gadgets can also be used to perform combos. Keep an eye on the combo meter. As enemies are defeated using a gadget attack it will fill until a combo is available. To perform a combo, press the **L1** button and follow the onscreen prompt.

For example: Here, press the  button then the  button within the time limit to perform the combo. A successful combo will defeat all enemies on screen.

MULTIPLAYER

In multiplayer mode, each player must perform their own combo move.

For example: Here, the first player presses the  button,  button,  button while the second player presses the  button,  button,  button,  button both before the time limit. When this is successfully completed the characters will perform a joint combo to clear the area of enemies.

Invincibility	Character takes no damage for a short time.
