READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your physician before playing. IMMEDIATELY DISCONTINUE use and consult your physician before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- dizziness
- altered vision
- eye or muscle twitches
- loss of awareness
- disorientation
- seizures
- any involuntary movement or convulsion

RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR PHYSICIAN.

Use and handling of video games to reduce the likelihood of a seizure

- Use in a well-lit area and keep as far away as possible from the television screen.
- Avoid large screen televisions. Use the smallest television screen available.
- Avoid prolonged use of the PlayStation 2 system.
Take a 15-minute break during each hour of play.
- Avoid playing when you are tired or need sleep.

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation 2 system to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

INTRODUCTION

Every year, surfers from all over the world travel to Pen Gu Island to participate in the biggest surfing competition of all: Reggie Belafonte's Big Z Memorial Surf-Off. Taking place in various surf spots around Pen Gu, the competition is only open to the cream of the crop. Contestants are expected to surf in all conditions: at night, during a storm, between icebergs...not even a volcanic eruption will stop them! However, one thing stands between these contenders and victory: Tank, the nine-time champion, ready to do whatever it takes to stop any challenger who might stand between him and that 10th trophy. What kind of surfer are you? A wave-ripper, going for the glory? Or a mellow, "enjoy the ride" type of surfer? One thing's for sure, by the end of this competition, you'll be a true Surf Legend!

GAINING SPEED

- Slaloming on the wave makes you gain speed! If you leave the wave, you'll go slower.

- Freestyle tricks are launched with the right analog stick, giving you full control of your surfer's rotation.

GRINDS AND FLOATERS

- To grind, land on a specific object such as a grind rail or trees.
- Once you start grinding, you have to keep your balance using the left analog stick. Keep your eyes on the balance meter!
- To perform a floater, hold the L1 button near the wave's lip.

SPEED BOOST

- Use energy from the energy bar to launch the speed boost by pushing and holding the R1 button. If your energy bar is full, the speed boost will last longer.

- Stoke tricks have greater air time and faster execution and provide additional points.

COMPLETING OBJECTIVES

- Each surfing spot has unique objectives. Completing them lets you progress in the championship. They may also give you rewards!

TUBES

- In some surf levels you will encounter tubes. Surfing in a tube automatically fills your energy bar!
- Using the Stoke mode in a tube will enable you to perform super moves.
