⚠ WARNING: PHOTOSENSITIVITY/EPILEPSY/SEIZURES

READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your physician before playing. IMMEDIATELY DISCONTINUE use and consult your physician before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- dizziness
- altered vision
- eye or muscle twitches
- loss of awareness
- disorientation
- seizures
- any involuntary movement or convulsion

RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR PHYSICIAN.

Use and handling of video games to reduce the likelihood of a seizure

- Use in a well-lit area and keep as far away as possible from the television screen.
- Avoid large screen televisions. Use the smallest television screen available.
- Avoid prolonged use of the PlayStation®2 system. Take a 15-minute break during each hour of play.
- Avoid playing when you are tired or need sleep.

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation®2 system to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

HANDLING YOUR PLAYSTATION®2 FORMAT DISC:

- This disc is intended for use only with PlayStation®2 consoles with the NTSC U/C designation.
- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.
- Keep this compact disc clean. Always hold the disc by the edges and keep it in its protective case when not in use. Clean the disc with a lint-free, soft, dry cloth, wiping in straight lines from center to outer edge. Never use solvents or abrasive cleaners.

Story

Once upon a time, in the faraway kingdom of Dor, there was magic in the air, laughter aplenty and gallons of mouthwatering soup. But an accident left the King broken-hearted, the Princess filled with longing and the townsfolk without their soup. All hope was lost in this land...until Despereaux Tilling was born.

A modern fairy tale, *The Tale of Despereaux* is the story of Despereaux, a brave mouse banished to the dungeon for speaking with a human. Tiny and graced with oversized ears, Despereaux was born too big for his little world. Refusing to live his life cowering, he befriends a Princess named Pea and learns to read (rather than eat) books - reveling in stories of knights, dragons and fair maidens.

After Pea is kidnapped, Despereaux discovers he is the only one who can rescue her...and that even the tiniest mouse can find the courage of a knight in shining armor.

Bits of yellow cheese form a trail to show Despereaux the way through the level. Simply pass near the cheese to collect it. Collected cheese can then be used to buy combat moves in Caravaggio's traveling store.

GREEN CHEESE

Despereaux can also collect bits of green cheese. Green cheese isn't found on the main quest path. Despereaux will have to explore in hard-to-reach areas to collect all the green cheese. Green cheese can also be used to buy combat moves from Caravaggio.

Shiny Buttons

Whenever Despereaux defeats an enemy, the enemy will dissolve into a burst of shiny buttons. Despereaux can collect the buttons to buy unlockable items from the main menu or combat moves from Caravaggio.

Caravaggio

The swash-buckling Caravaggio will show up in various chapters to sell Despereaux new combat moves. As Despereaux discovers improved objects to help him on his quest, even more moves will be available in Caravaggio's traveling store. But Caravaggio doesn't sell on credit! Despereaux has to have enough cheese or shiny buttons to make the purchase.
