NEW Operating Opportunities!

Unlike other mid-sized attractions that need an attendant to facilitate player traffic, Terminator Salvation Super Deluxe offers a number of unattended revenue generating options. Terminator Salvation Super Deluxe can be operated in the traditional "coin-operated" mode accepting coins, tokens and dollar bills. In the "free play" mode, locations can sell time blocks for unlimited play during the allotted time purchased, whether it be an hourly rate or a daily rental event. Debit Card Systems will eliminate the need for coins, tokens or paper currency offering a secure solution. Lastly, Coupon Script (non-monetary paper) operation will also allow for "cashless" play. Coupons are great as promotional items, work well as incentive programs and are very effective as an "add-on" item for party packages. One thing for sure is that Terminator Salvation Super Deluxe will add a great deal of value to any location, with a much smaller foot print than

many other mid-sized arcade attractions that may need an attendant!
